Claims Agreement With Favorite Sons 'To Stand Fast'

MIAMI BEACH, Fla. (AP) — A strategist contended today that Nelson A. Rockefeller has sealed off a quick presidential nomination for Richard M. Nixon with an informal agreement of major favorite sons to stand fast on the first two ballots of the GOP convention next week.

Leonard W. Hall, the New York governor's convention manager, said he had been assured that Govs. George Romney of Michigan and James A. Rhodes of Ohio would hold their powerful delegations in line for two roll calls.

Countering this, Herbert G. Klein, Nixon's press director, said in a separate interview that Nixon can win on an early ballot without the help of the favorite sons, if they decide to hold out. He struck to his claim that the former vice president has about 700 votes elsewhere, more than the necessary 667.

Battling Up Hill

Even with the help of a favorable national poll, Rockefeller's forces are battling up hill to hold the line against a Nixon surge on the first ballot. Nixon himself has yet to decide whether to go all out on that initial test or wait for a second round.

Hall conceded that he has no firm commitments from either Romney or Rhodes, whose delegations will poll a total of 106 critical votes among the 1,333 to be cast when the nominating convention gets around to its main business next Wednesday night.

But the Rockefeller leader said he is satisfied that both governors—whose lead is likely to be followed—want to see what deveolps on two roll calls before they take any action to withdraw as favorite sons.

Klein said the Nixon forces had no word about either governor's intentions. The Nixon men obviously hopes that Ohio will give their candidate substantial support in the end but are not counting heavily on Michigan in any event.

Instructs Defense Department

Boycott Eyed By Johnson To Halt Steel Price Hike

WASHINGTON (AP) — In a major confrontation with the steel industry, President Johnson has authorized an effort to try to force a rollback of increased steel prices by boycotting firms who boost their costs.

President Johnson Thursday told the Defense Department to avoid buying steel products from firms who put in major price increase. He said such general boosts could have "dire consequences" for the nation's economy because of possible inflationary results.

Defense Secretary Clark M. Clifford followed the President's statement by directing his agency "wherever possible to shift orders for future deliveries of items of steel on which prices have been raised to companies which have not increased prices, if by doing so you can obtain the required product, on time, at a lower cost to the government."

Pentagon Took Action

The Pentagon took similar actions in April 1962 and January 1966 in efforts to force steel producers to recant on announced price increases. This pressure contributed to the success of the efforts.

The current boost in the price of steel started Wednesday when Bethlehem Steel Corp., the industry's second-leading producer, said it was raising the cost of its products 5 per cent across the board.

Republic Steel Corp., the nation's No. 3 steel producers followed later Wednesday with an announcement that it's prices on principal products were going up.

The nation's largest steel firm, U.S. Steel, then said Thursday it was hiking prices $7 a ton on selective but major items. That boost was announced after Clifford's order to avoid buying from firms who set general increases.

Several smaller firms also followed the lead of the Big Three and there are indications that the pattern will spread through the industry.

The Pentagon spends $550 million to $590 million per year on an estimated 3.7 million tons of steel—3.75 per cent of the nation's total production.

Clifford said the price increases would have a "serious impact" on defense costs, but he didn't say precisely how much.

"This impact is particularly aggravated under our increased requirements for steel in support of Vietnam, and the fact that over half of our steel requirements today are for ammunition production," he stated.

Will Extend Policy

The Pentagon policy for patronizing steel companies which hold the price line will be extended to defense contractors who buy steel items in turning out military hardware for the services.

Clifford said rises in steel costs would swell what he called an already austere defense budget which Congress has ordered pared even further.

Clifford further directed that "all practicable steps" be taken to make sure defense contractors adopt the same policy "with respect to their purchases and those of their subcontractors."

The Pentagon buys an estimated $25 billion in hard military goods each year, many of them requiring steel.

Titanium Announces Price Reductions

NEW YORK (AP) — Price reductions of from 20 to 30 per cent on sheet, strip and plate mill products were announced Thursday by Titanium Metals Corp. of America.

Czech Critics Easing 'War' On Liberals

Order Cease-Fire On Propaganda As Cierna Talks End

PRAGUE (AP) — Czechoslovakia's five hard-line critics appeared today to have ordered a cease-fire in their propaganda war against the liberal Prague concept of communism.

Reports available here from Moscow and other East European capitals that had expressed hostility to the course of Alexander Dubcek's reformist regime said the flow of invectives ceased after the windup of the Soviet-Czechoslovak conference at Cierna Thursday.

The Prague press was similarly decorous. Except for a few generalities, Czechoslovak newspapers carried no editorial comment on the Cierna communique and headlines stuck to the few facts.

Held Own At Talks

Czechoslovak leaders assured their countrymen Thursday night they had held their own at the showdown meeting with the Russians, but thousands of demonstrators in Prague expressed skepticism.

News that the Prague leaders had agreed to meet the four other Soviet bloc opponents of their policies brought demands from demonstrators that the new talks included Romania and Yugoslavia, who support the liberalization course.

The meeting will be held Saturday in Bratislava, the capital of Slovakia, and the Russians also will attend.

President Ludvik Svoboda in a television address said the Soviet Politburo agreed at the four-day meeting with the Czechoslovak party Presidium to support Czechoslovakia's new reforms. He pledged that he and his associates would not be swayed from their course.

Stands On War

Nixon, Rockefeller Elaborate

By RELMAN MORIN
AP Special Correspondent

NEW YORK (AP) — Richard M. Nixon and Gov. Nelson A. Rockefeller now have fully developed their stands on the Vietnam war. Statements made at the outset of their drives to win the Republican nomination for president have been elaborated on in campaign appearances and in position papers.

As they developed their campaigns, differences appeared between them on specific aspects of the war and events related to it.

One of the most striking came when Rockefeller attacked Nixon by name. Speaking in Chicago on June 20, he referred to ". . . the varying statements and bewildering judgments made on the Vietnam war, over the last two years, by Mr. Richard Nixon."

No Nixon Reply

Nixon did not reply, directly or indirectly.

In the Chicago speech, Rockefeller hit at Nixon for urging a "moratorium" on statements about the war after the talks with North Vietnam began in Paris.

On April 19, Nixon had said, "I intend as long as there is any hope for successful conclusion of these negotiations to have a moratorium on criticism."

Here are some if the major points they made on Vietnam:

Administration Policy

Rockefeller, June 21—"The military policies of our government are frequently not integrated with political considerations, so that military actions may actually frustrate over-all policy goals. Examples of this include. . . the bombing of Hanoi in December 1966 in the midst of delicate diplomatic peace initiatives."

Reds Inflict Heavy Losses On U.S. Units

14 Reported Dead And 22 Wounded In South Vietnam

SAIGON (AP) — Hurling bangalore torpedoes and other explosive charges, North Vietnamese troops attacked two U.S. Marine units in South Vietnam's northern provinces and killed or wounded nearly all of the Americans.

Fourteen Leathernecks were killed and 22 were wounded in the attacks Thursday and today. They occurred south of Da Nang within 35 miles of each other.

The U.S. Command said 19 of the enemy were killed.

In one attack before dawn today, North Vietnamese troops hit a combined action platoon of about 15 to 20 Marines and 40 to 45 South Vietnamese militiamen in night defensive positions around a small village about 60 miles south of Da Nang.

Penetrate Perimeter

Two or three enemy soldiers penetrated the platoon's perimeter, throwing charges as they broke in, but they were quickly stopped. When the fight was over, U.S. haedquarters said, nine Marines, three South Vietnamese and 12 of the enemy had been killed, eight Marines were wounded and so were several militiamen.

Twenty-four hours earlier, a U.S. Marine reconnaissance team outnumbered 10 to 1 was overrun by North Vietnamese troops who killed five Marines and wounded the other 14.

Seven of the enemy were reported killed during the attack before dawn in jungled mountains 22 miles south of Da Nang.

An estimated 200 North Vietnamese attacked the post with assault rifles, submachine guns, satchel charges and bangalor torpedoes, and broke through the Marine' barbed wire perimeter.

Marine reinforcements arrived two hours after the initial attack, but the North Vietnamese had withdrawn, the U.S. Command said.

U.S. Branded As 'Liar' In Peace Talks

PARIS (AP) — The spokesman for the North Vietnamese delegation to the Paris talks charged today that each time the United States advances peace proposals it intensifies the war in Vietnam. This shows that the American leaders are "impudent liars," he declared.

Nguyen Thanh Le was commenting at a news conference on recent statements by Secretary of State Dean Rusk and President Johnson and the announcement Thursday that 4,000 new American troops had arrived in South Vietnam.

Linking the troop arrival with Johnson's appeal to world opinion to urge North Vietnam to match U.S. restraint in limitng the bombing of North Vietnam, he said, "This shows again that each time the United States advances proposals of peace, it makes a new intensification of the war. . . All this shows that the American leaders are impudent liars."

Le said that the statements by Rusk and Johnson in the past few days and the sending of new troops "is new evidence showing that the government of the United States continues to press the war against the Vietnamese people, clings to its colonialist and warlike position in the official Paris conversations and continues obstinately to demand reciprocity."

Over Humphrey, McCarthy

Pollsters Say Rockefeller Has Moved To Open Lead

NEW YORK (AP) — Top pollsters George H. Gallup Jr. and Louis Harris say that Gov. Nelson A. Rockefeller "has now moved to an open lead" over Democratic presidential candidates Hubert H. Humphrey and Sen. Eugene J. McCarthy.

They also said in a joint statement Thursday that Richard M. Nixon would run an "extremely close" race in a contest involving Humphrey and third party candidate George C. Wallace, "with Wallace perhaps holding the balance."

Gallup and Harris disclosed these conclusions after their most recently published polls, taken in July, were in apparent contradiction and created considerable political repercussions as Republicans gathered in Miami Beach, Fla. for their national convention.

Cite 2 Key Factors

Gallup and Harris said two key factors accounted for the apparent disparity in the polls: the time at which the polls were taken and the margin of error built into the sampling process. "Public opinion changes over time, and each was an accurate reflection at the time it was taken," they said.

The Gallup Poll, published Monday and based on interviews between July 19 and 21, showed Nixon defeating both Humphrey and McCarthy while Rockefeller was only able to tie them. The Nixon camp cheered this survey.

Then the Harris Poll, based on interviews taken July 26-29, became available Wednesday night and showed Rockefeller could prevail over either of the Democratic hopefuls while Nixon coult not. Rockefeller supporters cheered.

Firebombing Inquiry Continues At Plant

An investigation by the Jefferson County sheriff's office continued today in Tuesday's firebombing at the strikebound Ohio Edison Co. plant at Toronto.

An unidentified man was seen climbing a fence at the plant and throwing firebombs into a storage shed containing chemical drums, deputies said.

The incident was reported to the sheriff's office at 3:30 p.m. by David Bodor, plant superintendent.

Robert Neeper of Toronto, an employe at the plant, was treated at Ohio Valley General Hospital for smoke and chlorine gas inhalation.

Meeting Set At Weirton In Racial Strife

WEIRTON — Leaders of the Weirton Negro community are scheduled to meet with city officials tonight to present a list of grievances concerning a spontaneous outburst of rock-throwing during a community center teen-age dance Wednesday night.

The disturbance occurred after city recreation director Anthony Torchio expelled three white girls from the center for participating in a group dance with Negro girls.

Police Chief Edward Frankovitch said he had a full force on duty Thursday night to prevent a recurrence of the rock-throwing. About 30 state troopers also were on hand.

Frankovitch said things were relatively calm Thursday night.

At a meeting of city officials and interested individuals Thursday evening, Negro residents demanded the resignation of Torchio. He had explained that his action in expelling the white girls was according to a longstanding policy at the center which prohibits dancing between Negroes and whites.

During the prolonged outburst following Torchio's action Wednesday, Mayor Frank Rybka's car was one of several stoned. Other damage included broken windows at two downtown stores.

Loss Set At $100,000 In Coal Company Fire

FOLLANSBEE — Damage was estimated at more than $100,000 in the fire which swept the Fireside Coal Co. six miles east of here early today.

The blaze was discovered at 2:30 by the owner, R. J. Burkett. Six fire departments fought the flames, which destroyed a coal tipple, coal shakers, all mine machinery and 500 tons of coal.

The fire was brought under control at 6 a.m.

Plank-Writing Progresses

GOP Sees No Big Fight Next Week Over Platform

MIAMI BEACH, Fla. (AP) — Despite some differences on two major issues—Vietnam and the cities—Republicans pushed ahead with plank-writing today amid signs their 1968 platform would produce no major battle on the convention floor next week.

Under the chairmanship of Sen. Everett M. Dirksen of Illinois, an expert at soothing frictions, the GOP wordsmiths debated until midnight Thursday while inching through perhaps one-tenth of the documents they hope to finish by this weekend.

"There was nothing substantial in the changes that were made—there were matters of phraseology," Dirksen reported on the first secret session after four days of open hearings. He summoned his colleagues to another round this morning.

Committee Argues

With 100 Platform Committee members arguing over whether to substitute "renewal" for "redevelopment" or "profligacy" for "waste," they crept Thursday through an estimated five pages of a draft of around 50 pages of proposed planks denouncing the Democratic administration and setting forth a GOP blueprint for the nation's future.

Dirksen ruled out of order a move to cut the draft document of some 15,000 words in half. Congressmen among the delegates weighed whether to seek later today a time limit on speechmaking.

The committeemen spent their first lengthy session shaping a preamble and the first page of planks on cities and urban affairs, reported Rep. Charles E. Goodell of New York, a supporter of Gov. Nelson A. Rockefeller of New York for president. He termed the atmosphere harmonious.

Firebombing Inquiry Continues At Plant

An investigation by the Jefferson County sheriff's office continued today in Tuesday's firebombing at the strikebound Ohio Edison Co. plant at Toronto.

An unidentified man was seen climbing a fence at the plant and throwing firebombs into a storage shed containing chemical drums, deputies said.

The incident was reported to the sheriff's office at 3:30 p.m. by David Bodor, plant superintendent.

Robert Neeper of Toronto, an employe at the plant, was treated at Ohio Valley General Hospital for smoke and chlorine gas inhalation.

Deaths and Funerals

Allen A. Everhart

Allen A. Everhart, 84, a retired caster at the Hall China Co., died Thursday at 10:25 p.m. at the Ross Nursing Home, where he had been a patient since March 22. He formerly resided at 306 9th St., Wellsville, and has been ill for sometime.

A native of Albany, Ohio, Mr. Everhart was born Nov. 19, 1883, a son of the late John Everhart and Margaret Metzger Everhart. He lived in Wellsville for 33 years and retired from the pottery 25 years ago. He was an honorary member of Local 320 of the IBOP.

He is survived by a daughter, Mrs. Walter (Pat) Nelson of Route 39, Wellsville; two sons, John Everhart of East Liverpool and Edgar A. Everhart of Lancaster, Ohio; two sisters, Mrs. Margaret Eells of Sebring and Mrs. Minnie Heaton of Leetonia, five grandchildren and four great - grandchildren.

Services will be held Sunday at 2 p. m. at the Haugh Funeral Home in Wellsville by the Rev. Robert H. Schondelmayer of the Wellsville First Christian Church. Burial will be in Springhill Cemetery, Wellsville.

Friends may call at the funeral home Saturday afternoon and night.

Mrs. Olive E. Crooks

Services were held Sunday for Mrs. Olive E. Crooks, 84, at the Elyria United Methodist Home, where she died Saturday.

Mrs. Crooks was the widow of Wilfred L. Crooks and the daughter of the late William and Ellen Kent, former residents of East Liverpool.

She is survived by two sons, R. Kent Crooks and Wilfred S. Crooks of Columbus; a daughter, Virginia Sando of Cortland; a sister, Mrs. Joseph Kenney of Warren, five grandchildren and five great grandchildren.

The family requests that any tokens of appreciation take the form of memorial contributions to the Methodist home.

Richard F. Andrews

Richard Francis (Bud) Andrews, 58, Shadyside Ave. Ext., a retired employe of the Midland Division of the Crucible Steel Co., died Thursday at 8:35 p.m. at City Hospital after an extended illness. He had been a patient for six days.

Mr. Andrews, a native of Marletta, was born Feb. 12, 1910, son of Mrs. Anna Belaney Andrews of East Liverpool and the late H. Arthur Andrews.

He came to East Liverpool at the age of seven, and lived here virtually his lifetime.

He attended city schools and was graduated in June 1928 from East Liverpool High School. He retired April 28 as a mill foreman from the Midland plant where he was employed since Sept. 4, 1928.

He was a member of St. Aloysius Catholic Church and the Crucible Management Club, Industry. He was married Oct. 20, 1939, to the former Thelma Cullen who survives at the home.

In addition to his mother and widow, he leaves a son, Richard Francis (Bud) Andrews Jr. of East Liverpool, and a grandson.

Services will be held Monday at 9:30 a. m. at the church. Burial will be in Columbiana County Memorial Park.

Friends may call at the Dawson Funeral Home Saturday and Sunday.

John Sheppard

Services for John A. Sheppard of Kirtland, a former resident of Salineville and Wellsville, were held Tuesday at the Kirtland Chapel of the Re-Organized Church of Jesus Christ. He died July 27.

He is survived by his widow, Mrs. Jewel McDaniel Sheppard, at home; a son, Carl A. Sheppard of Mentor, two brothers, Chloe Marshall Sheppard and Arthur A. Sheppard, and two grandchildren and one great-grandchild.

He was preceded in death by a son, Donald L. Sheppard, and two brothers, James Sheppard and Louis Sheppard.

Mrs. Earl C. Jennison

Services are pending for Mrs. Clara Jennison of Mentor, Ohio, a former resident of Chester, who died Thursday morning at Teskaming Hospital, Quebec, Canada. The Arner Funeral Home is arranging the services.

Mrs. Jennison was born July 3, 1883, a daughter of the late Mr. and Mrs. James Grim.

She leaves her husband, Earl C. Jennison, at home; a daughter, Mrs. Elsie Freshwater of Muncie, Ind.; a son, Earl D. Jennison Jr. of Mentor, and seven grandchildren. She was preceded in death by two sons, George Jennison and Charles Jennison.

Margaret Thompson

Services for Mrs. Margaret Thompson, 75, of Delray, Fla., a native of Hancock County and widow of George Thompson, were held Thursday afternoon at the Melbourne Funeral Home in Cleveland. Burial was at Crown Cemetery, near Hudson.

Mrs. Thompson died Monday at a hospital at Delray Beach following an illness of several years. She was the daughter of the late Ellsworth Allison and Catherine Allison. She resided in Cleveland for several years. Her husband died ten years ago.

She leaves a daughter, Mrs. John (Kay) Miller of Delray Beach; a sister, Mrs. Richard Burt of Cleveland; three brothers, Donald E. Allison of Chester, D. H. Allison of Beaver Falls and Kenneth Allison of New Manchester, and three grandchildren.

Lake-River Meeting Set At Ashtabula

P. E. Masheter, director of the Ohio Department of Highways, will be the principal speaker at a meeting of the Lake Erie - Ohio River Highway association in Ashtabula Aug. 22.

Masheter will address the members and guests at a dinner meeting in the Hotel Ashtabula. Members of the legislature, county commissioners and engineers, and deputy directors of the two highway divisions serving the four - county area will be guests.

The association represents automobile associations, Chambers of Commerce and other civic organizations of Ashtabula, Columbiana, Mahoning and Trumbull counties. Members of the East Liverpool Area Chamber of Commerce interested in the progress of the highway have been invited to attend.

A. C. Patterson, vice president of the Ashtabula Chamber, is president of the Association and E. R. Chandler of the East Liverpool Chamber is vice president.

5 In Columbus Administration Face Tax Probe

COLUMBUS, Ohio (AP) — Mayor M. E. Sensenbrenner, City Safety Director Fred Simon and three top police officers are being investigated by the government for possible tax evasion, an affidavit filed in Federal Court here reveals.

The affidavit was filed Thursday by Justice Department attorneys in connection with the municipal court case of three federal investigators arrested last Friday on charges of improper language and intoxication. The three have asked to have the case transferred to the jurisdiction of the Federal Court.

A petition seeking a transfer of the case says the charges against the investigators "were the product of a calculated scheme of harrassment designed to interfere with the performance of their official duties and designed to prevent the investigations of malfeasance by members of the Columbus Police Department . . ."

The government men, Guy Wetherell and James Kowalski of the Internal Revenue Service and Edward Joyce of the justice Department, were arrested after leaving a cocktail lounge.

The police officers named in the affidavit are Major Herman Beck, Capt. Jerry Ryan and Capt. Robert Taylor.

Sensenbrenner and Capt. Taylor were asked about the affidavit Thursday night and both declined to comment.

The affidavit did not elaborate on the investigations.

Gosney Planning To Nominate LBJ

Don R. Gosney, Columbiana County chairman and 18th Congressional District delegate, plans to nominate President Johnson for another term during the Democratic convention.

Gosney said he has written the convention chairman asking for podium time to make the nomination.

"After looking over all the candidates in both parties, I still think that President Johnson is the best man for the country," Gosney declared.

The convention will be held in Chicago Aug. 25-30.

The parthenon in Nashville, Tenn., containing casts of the Elgin Marbles, is the only full-sized replica of the original famous structure on the Acropolis in Athens, Greece.

Transportation Proposal Sifted

Mayor George E. Willshaw today received a letter from the Urban Mass Transportation Administration of the Department of Transportation in Washington acknowledging receipt of an application filed by East Liverpool for a grant for a technical transportation study in the community.

Signed by Robert H. McManus, director of Division Project Development, it said the application is being studied and the city will be informed at a later date on approval or disapproval.

The transportation project here was started once before, but dropped. It has been reactivated and will be directed by the office of Don Eckert, city planning coordinator.

Previously the project fell under the jurisdiction of the Department of Housing and Urban Development.

UAW Workers Strike

SPRINGFIELD, Ohio (AP)— United Auto Workers Union members struck two Bauer Bros. plants here Thursday night, idling more than 400 employes. Their contract expired Wednesday.

Borough Structure Eyed

Ohioville Council Plans To Survey Building Sites

OHIOVILLE — Plans to build an all - purpose borough building was discussed and a meeting scheduled for surveying sites when the Ohioville Council met Thursday night at the fire station.

Councilmen will meet with the Ohio Township Water Authority Wednesday night at 9 at the pumphouse at Meadowbrook Estates.

The group will visit two parcels of land which are possible locations. One is located near the pumphouse, and the other is near the water tower at Fairview.

Also to be considered are three parcels of land of two, six and ten acres previously suggested to Council.

Borough officials said they are hopeful of making a decision soon on the proposed building, since one is needed to house supplies and vehicles. Costs are also to be aired at the meeting Wednesday.

A salt stabilization program for roads will begin Aug. 19 on several roads, including the Ashwood Dr. approach to Tuscarawas Rd., the roads in the Orchard Development at Fairview and the Reed Plan off Engle Rd.

Ronald Speerhas, road foreman, submitted his resignation Oct. 31, citing other commitments. Mrs. Emily Carroll, secretary, will accept applications for the post from borough residents only.

She may be contacted during the week at the Fairview School until 3 p.m., and after that at her home at Fairlane Dr., Meadowbrook.

Speerhas reported oiling of roads will be completed soon. He was authorized to purchase four new tires for the borough truck for an approximate cost of $200.

Applications for special police jobs were received from Ronald Anusich of Highland Acres and William Hornberger and Frank Pucci of Meadowbrook Estates.

These were presented to the police committee for study.

Bills totaling $7,096 were paid. Council will meet Sept. 5.

In an executive committee meeting of Council held last week a letter was read from Rep. Frank Clark of the 25th Congressional District in which Clark indicated there is apparently no large local support for a Post Office in Ohioville.

His letter pointed out the petition submitted for such a new Post Office bore only 325 signatures.

Mrs. Carroll was advised to notify to Rep. Clark that the petition had more than 700 signatures, and urge him to seek reconsideration for the new building.

Council Adopts Legislation For Sewer Projects

Legislation clearing the way for approval of the issuance of notes and bonds to pay for the city's share of sanitary sewer projects was adopted by Council during a special meeting Thursday noon.

The legislation received first reading at a special meeting Wednesday. Enough members were present Thursday to adopt the ordinances under suspension of rules.

Because of a technicality, Council had to repeal previous legislation authorizing the issuance of bonds, approve an auditor's certificate and then readopt the ordinance.

Council also agreed to permit Greyhound and Trailways buses to park on St. Clair Ave. just off the Diamond for a 90-day trial period. Four parking meters will have to be removed.

The terminal office of the two bus firms is being closed and a new agency opened on St. Clair. The buses will receive and discharge passengers at the site.

Exam Scheduled For Postmaster At Shippingport

SHIPPINGPORT — Applications will be received until Aug. 27 for the position of postmaster at Shippingport, the Civil Service Commission at Washington has announced.

Bill Burris has been serving as acting postmaster since the retirement of Florence Cook.

Information about the examination requirements and filing procedures may be obtained at the post office.

Applicants must have some experience, reside in the delivery area of the post office for at least one year, be at least 18 and under 71 and be of good reputation and deal with the public agreeably.

The position with the third-class post office pays $6,348.

Appication forms must be filed with the Civil Service Commission, Washington, D. C., no later than the closing date.

The written examination will be given at Beaver Falls.

Christopher Wren designed more than 50 churches for London, but he favored St. Mary-le-Bow. Its famous steeple towers 222 feet high and is topped with a nine-foot dragon.

Cancer Fatal At 70

NEW YORK (AP) — Maurice Spector, 70, who helped found the Canadian Communist party in 1921 and later became its chairman, died Thursday of cancer. He was expelled from the party after he began a Trotskyist movement in Toronto.

The normal person's body is made up of 206 bones, with more than half of these bones being in his wrists, ankles, hands and feet.

Deaths and Funerals

Allen A. Everhart

Allen A. Everhart, 84, a retired caster at the Hall China Co., died Thursday at 10:25 p.m. at the Ross Nursing Home, where he had been a patient since March 22. He formerly resided at 306 9th St., Wellsville, and has been ill for sometime.

A native of Albany, Ohio, Mr. Everhart was born Nov. 19, 1883, a son of the late John Everhart and Margaret Metzger Everhart. He lived in Wellsville for 33 years and retired from the pottery 25 years ago. He was an honorary member of Local 320 of the IBOP.

He is survived by a daughter, Mrs. Walter (Pat) Nelson of Route 39, Wellsville; two sons, John Everhart of East Liverpool and Edgar A. Everhart of Lancaster, Ohio; two sisters, Mrs. Margaret Eells of Sebring and Mrs. Minnie Heaton of Leetonia, five grandchildren and four great - grandchildren.

Services will be held Sunday at 2 p. m. at the Haugh Funeral Home in Wellsville by the Rev. Robert H. Schondelmayer of the Wellsville First Christian Church. Burial will be in Springhill Cemetery, Wellsville.

Friends may call at the funeral home Saturday afternoon and night.

Mrs. Olive E. Crooks

Services were held Sunday for Mrs. Olive E. Crooks, 84, at the Elyria United Methodist Home, where she died Saturday.

Mrs. Crooks was the widow of Wilfred L. Crooks and the daughter of the late William and Ellen Kent, former residents of East Liverpool.

She is survived by two sons, R. Kent Crooks and Wilfred S. Crooks of Columbus; a daughter, Virginia Sando of Cortland; a sister, Mrs. Joseph Kenney of Warren, five grandchildren and five great grandchildren.

The family requests that any tokens of appreciation take the form of memorial contributions to the Methodist home.

Richard F. Andrews

Richard Francis (Bud) Andrews, 58, Shadyside Ave. Ext., a retired employe of the Midland Division of the Crucible Steel Co., died Thursday at 8:35 p.m. at City Hospital after an extended illness. He had been a patient for six days.

Mr. Andrews, a native of Marletta, was born Feb. 12, 1910, son of Mrs. Anna Belaney Andrews of East Liverpool and the late H. Arthur Andrews.

He came to East Liverpool at the age of seven, and lived here virtually his lifetime.

He attended city schools and was graduated in June 1928 from East Liverpool High School. He retired April 28 as a mill foreman from the Midland plant where he was employed since Sept. 4, 1928.

He was a member of St. Aloysius Catholic Church and the Crucible Management Club, Industry. He was married Oct. 20, 1939, to the former Thelma Cullen who survives at the home.

In addition to his mother and widow, he leaves a son, Richard Francis (Bud) Andrews Jr. of East Liverpool, and a grandson.

Services will be held Monday at 9:30 a. m. at the church. Burial will be in Columbiana County Memorial Park.

Friends may call at the Dawson Funeral Home Saturday and Sunday.

John Sheppard

Services for John A. Sheppard of Kirtland, a former resident of Salineville and Wellsville, were held Tuesday at the Kirtland Chapel of the Re-Organized Church of Jesus Christ. He died July 27.

He is survived by his widow, Mrs. Jewel McDaniel Sheppard, at home; a son, Carl A. Sheppard of Mentor, two brothers, Chloe Marshall Sheppard and Arthur A. Sheppard, and two grandchildren and one great-grandchild.

He was preceded in death by a son, Donald L. Sheppard, and two brothers, James Sheppard and Louis Sheppard.

Mrs. Earl C. Jennison

Services are pending for Mrs. Clara Jennison of Mentor, Ohio, a former resident of Chester, who died Thursday morning at Teskaming Hospital, Quebec, Canada. The Arner Funeral Home is arranging the services.

Mrs. Jennison was born July 3, 1883, a daughter of the late Mr. and Mrs. James Grim.

She leaves her husband, Earl C. Jennison, at home; a daughter, Mrs. Elsie Freshwater of Muncie, Ind.; a son, Earl D. Jennison Jr. of Mentor, and seven grandchildren. She was preceded in death by two sons, George Jennison and Charles Jennison.

Margaret Thompson

Services for Mrs. Margaret Thompson, 75, of Delray, Fla., a native of Hancock County and widow of George Thompson, were held Thursday afternoon at the Melbourne Funeral Home in Cleveland. Burial was at Crown Cemetery, near Hudson.

Mrs. Thompson died Monday at a hospital at Delray Beach following an illness of several years. She was the daughter of the late Ellsworth Allison and Catherine Allison. She resided in Cleveland for several years. Her husband died ten years ago.

She leaves a daughter, Mrs. John (Kay) Miller of Delray Beach; a sister, Mrs. Richard Burt of Cleveland; three brothers, Donald E. Allison of Chester, D. H. Allison of Beaver Falls and Kenneth Allison of New Manchester, and three grandchildren.

Lake-River Meeting Set At Ashtabula

P. E. Masheter, director of the Ohio Department of Highways, will be the principal speaker at a meeting of the Lake Erie - Ohio River Highway association in Ashtabula Aug. 22.

Masheter will address the members and guests at a dinner meeting in the Hotel Ashtabula. Members of the legislature, county commissioners and engineers, and deputy directors of the two highway divisions serving the four - county area will be guests.

The association represents automobile associations, Chambers of Commerce and other civic organizations of Ashtabula, Columbiana, Mahoning and Trumbull counties. Members of the East Liverpool Area Chamber of Commerce interested in the progress of the highway have been invited to attend.

A. C. Patterson, vice president of the Ashtabula Chamber, is president of the Association and E. R. Chandler of the East Liverpool Chamber is vice president.

5 In Columbus Administration Face Tax Probe

COLUMBUS, Ohio (AP) — Mayor M. E. Sensenbrenner, City Safety Director Fred Simon and three top police officers are being investigated by the government for possible tax evasion, an affidavit filed in Federal Court here reveals.

The affidavit was filed Thursday by Justice Department attorneys in connection with the municipal court case of three federal investigators arrested last Friday on charges of improper language and intoxication. The three have asked to have the case transferred to the jurisdiction of the Federal Court.

A petition seeking a transfer of the case says the charges against the investigators "were the product of a calculated scheme of harrassment designed to interfere with the performance of their official duties and designed to prevent the investigations of malfeasance by members of the Columbus Police Department . . ."

The government men, Guy Wetherell and James Kowalski of the Internal Revenue Service and Edward Joyce of the justice Department, were arrested after leaving a cocktail lounge.

The police officers named in the affidavit are Major Herman Beck, Capt. Jerry Ryan and Capt. Robert Taylor.

Sensenbrenner and Capt. Taylor were asked about the affidavit Thursday night and both declined to comment.

The affidavit did not elaborate on the investigations.

Gosney Planning To Nominate LBJ

Don R. Gosney, Columbiana County chairman and 18th Congressional District delegate, plans to nominate President Johnson for another term during the Democratic convention.

Gosney said he has written the convention chairman asking for podium time to make the nomination.

"After looking over all the candidates in both parties, I still think that President Johnson is the best man for the country," Gosney declared.

The convention will be held in Chicago Aug. 25-30.

Transportation Proposal Sifted

Mayor George E. Willshaw today received a letter from the Urban Mass Transportation Administration of the Department of Transportation in Washington acknowledging receipt of an application filed by East Liverpool for a grant for a technical transportation study in the community.

Signed by Robert H. McManus, director of Division Project Development, it said the application is being studied and the city will be informed at a later date on approval or disapproval.

The transportation project here was started once before, but dropped. It has been reactivated and will be directed by the office of Don Eckert, city planning coordinator.

Previously the project fell under the jurisdiction of the Department of Housing and Urban Development.

UAW Workers Strike

SPRINGFIELD, Ohio (AP)— United Auto Workers Union members struck two Bauer Bros. plants here Thursday night, idling more than 400 employes. Their contract expired Wednesday.

Borough Structure Eyed

Ohioville Council Plans To Survey Building Sites

OHIOVILLE — Plans to build an all - purpose borough building was discussed and a meeting scheduled for surveying sites when the Ohioville Council met Thursday night at the fire station.

Councilmen will meet with the Ohio Township Water Authority Wednesday night at 9 at the pumphouse at Meadowbrook Estates.

The group will visit two parcels of land which are possible locations. One is located near the pumphouse, and the other is near the water tower at Fairview.

Also to be considered are three parcels of land of two, six and ten acres previously suggested to Council.

Borough officials said they are hopeful of making a decision soon on the proposed building, since one is needed to house supplies and vehicles. Costs are also to be aired at the meeting Wednesday.

A salt stabilization program for roads will begin Aug. 19 on several roads, including the Ashwood Dr. approach to Tuscarawas Rd., the roads in the Orchard Development at Fairview and the Reed Plan off Engle Rd.

Ronald Speerhas, road foreman, submitted his resignation Oct. 31, citing other commitments. Mrs. Emily Carroll, secretary, will accept applications for the post from borough residents only.

She may be contacted during the week at the Fairview School until 3 p.m., and after that at her home at Fairlane Dr., Meadowbrook.

Speerhas reported oiling of roads will be completed soon. He was authorized to purchase four new tires for the borough truck for an approximate cost of $200.

Applications for special police jobs were received from Ronald Anusich of Highland Acres and William Hornberger and Frank Pucci of Meadowbrook Estates.

These were presented to the police committee for study.

Bills totaling $7,096 were paid. Council will meet Sept. 5.

In an executive committee meeting of Council held last week a letter was read from Rep. Frank Clark of the 25th Congressional District in which Clark indicated there is apparently no large local support for a Post Office in Ohioville.

His letter pointed out the petition submitted for such a new Post Office bore only 325 signatures.

Mrs. Carroll was advised to notify to Rep. Clark that the petition had more than 700 signatures, and urge him to seek reconsideration for the new building.

Council Adopts Legislation For Sewer Projects

Legislation clearing the way for approval of the issuance of notes and bonds to pay for the city's share of sanitary sewer projects was adopted by Council during a special meeting Thursday noon.

The legislation received first reading at a special meeting Wednesday. Enough members were present Thursday to adopt the ordinances under suspension of rules.

Because of a technicality, Council had to repeal previous legislation authorizing the issuance of bonds, approve an auditor's certificate and then readopt the ordinance.

Council also agreed to permit Greyhound and Trailways buses to park on St. Clair Ave. just off the Diamond for a 90-day trial period. Four parking meters will have to be removed.

The terminal office of the two bus firms is being closed and a new agency opened on St. Clair. The buses will receive and discharge passengers at the site.

Exam Scheduled For Postmaster At Shippingport

SHIPPINGPORT — Applications will be received until Aug. 27 for the position of postmaster at Shippingport, the Civil Service Commission at Washington has announced.

Bill Burris has been serving as acting postmaster since the retirement of Florence Cook.

Information about the examination requirements and filing procedures may be obtained at the post office.

Applicants must have some experience, reside in the delivery area of the post office for at least one year, be at least 18 and under 71 and be of good reputation and deal with the public agreeably.

The position with the third-class post office pays $6,348.

Appication forms must be filed with the Civil Service Commission, Washington, D. C., no later than the closing date.

The written examination will be given at Beaver Falls.

Christopher Wren designed more than 50 churches for London, but he favored St. Maryle-Bow. Its famous steeple towers 222 feet high and is topped with a nine-foot dragon.

Cancer Fatal At 70

NEW YORK (AP) — Maurice Spector, 70, who helped found the Canadian Communist party in 1921 and later became its chairman, died Thursday of cancer. He was expelled from the party after he began a Trotskyist movement in Toronto.

The normal person's body is made up of 206 bones, with more than half of these bones being in his wrists, ankles, hands and feet.

Turning A Political Phrase

Soon the newspapers, the TV screens and the air waves will be filled to overflowing with news of the national political conventions and their related activities.

Fine oratory, fine sounding phrases and finely motivated solutions to the nation's ills will be heard.

As a sample of what may be expected, consider a couple of phrases which Gov. Dan Evans of Washington, keynote speaker for the Republican national convention, tried out for reaction in his warm-up speeches.

The governor described the Republican philosophy as one which would have the party create a "self-help society" rather than a "help-yourself society."

Not only does the comparison sound good — and promising — but it makes the opposing party look bad.

Another dandy is very appropriate in declaring that, "It is time now to reach inward, to reach down and touch the troubled spirit of America."

It is a little early yet to get wind of what the Democrats will come up with in the way of campaign oratory. But if it is as good as the Republican line appears to be, this may be quite a year for turning a phrase politically.

A Legacy Of Fear

When German research scientist Otto Hahn died a few days ago at the age of 89, he carried to the grave with him a sense of foreboding for those living in the atomic age.

Mr. Hahn and Fritz Strassman discovered the secret of uranium and thorium fission is 1938 and enabled man to create atomic energy. It was only a matter of time until the atomic bomb was perfected.

The German scientist was awarded the Nobel Prize for the discovery. His fame did not lessen his fear the knowledge would be used in military situations and bring great suffering and loss of life.

He revealed that after the atomic bomb was dropped on Hirohima he considered killing himself.

He was active in movements to ban nuclear weapons. In 1957, he and other West German nuclear physicists issued a statement that they would not assist in development or testing of atomic weapons. They also supported Albert Schweitzer in his campaign to have people around the world demand an end to atomic bomb tests.

The physicists' joint statement said West Germany "could best preserve and protect world peace by desisting from possession of all nuclear weapons."

The then-chancellor, Konrad Adenauer, said the physicists' protest was "unrealistic" in view of the present world situation.

The nuclear race continued and today small steps are being taken to declare a moratorium on nuclear weapons with an eye toward preserving civilization, but many are skeptical the great nuclear rush can be halted.

Mr. Hahn was haunted by his role in the development of atomic energy until his death. His guilt died with him, but his fear was left behind. It rests in the heart of everyone who believes that man has sealed his doom by producing the utlimate weapon before he was ready for it.

Aggravation

We have made sad sounds about the sluggish traffic flow in East Liverpool — due to inadequate signs, poor flow patterns and ill-advised location of drive-in facilities.

But nothing can compare to the utter freezing of movement which occasionally occurs in metropolitan districts. At Pittsburgh Thursday, for example, some truck mishaps on the Parkway halted everything for an hour and a half — a bitterly frustrating experience which brings cause for wonder about the advantages of the automobile and suburban living.

Our community has no jams of such magnitude. But our community has some traffic problems for which solutions can and should be found.

U.S. Prestige Declines

Three public opinion experts, testifying before a special House Foreign Affairs subcommittee hearing, report the prestige of the United States abroad is at an all-time low.

George Gallup Jr., president of the American Institute of Public Opinion, Lloyd A. Free, director of the Institute for International Social Research at Princeton, and Dr. Edward L. Bernays, president of Bernay's Foundations, all agreed U.S. prestige is down.

Mr. Gallup said American prestige started to slip in 1963, according to surveys in 27 countries in Europe and the Far East.

Mr. Bernays said many peoples of the world "have lost faith in U.S. ability to lead the free world."

Adding another disquieting note to the hearing, Mr. Free said favorable opinion of the U.S. in West Germany dropped from 81 per cent in 1965 to 42 per cent today.

It looks as if the Great Society hasn't impressed foreigners any more than it has Americans.

Water As A Prescription

Man long has searched for the fabled fountain of youth in the belief that its miraculous water would somehow preserve or restore the youth of all who drank from it.

The mythical fountain remains a myth today but water, itself, ordinary drinking water, may in a sense, constitute a fountain of life, according to Dr. P. Gregg Rhodes, a specialist in the field of respiratory diseases.

Dr. Rhodes, speaking in Denver, Colo., before a convention of the Children's Asthma Research Institute and Hospital, declared water actually is medicine to prevent and treat respiratory diseases, which are the fastest growing killer ailments today.

The physicians, who is consultant to the chief of the U.S. Public Health Service's chronic respiratory disease control program, admits that it "sounds silly" but he maintains that drinking a lot of water daily is fundamental in warding off andt reating respiratory disease.

Nothing tastes better when you have been without it for a long time and, although usually treated to combat pollution, it is readily available and relatively inexpensive.

Teamed with an apple a day, a glass of water assumes new importance as a healthful prescription.

Thoughts For The Day

One hour of war could buy your community a new school, hospital or social center.
—Mrs. Martin Luther King Jr., urging an end to the Vietnam war.

His coming quickly turns the tide—The propaganda floods subside.—And now that he has changed the weather—Lion and lamb can vote together.—God bless the Russian delegation,—I waive consecutive translation.
—Lord Caradon, Britain's chief delegate to the U.N., in a poem dedicated to Vasily Kuznetsov of the Soviet delegation after their countries agreed on a nuclear treaty.

Our biological drives are several million years older than our intelligence.
—Dr. Arthur E. Morgan, 90, former president of Antioch College, on why modern knowledge seems unable to cope with modern problems.

The fact we must remember is that we are educating students for a world that will not be ours but will be theirs. Give them a chance to be heard.
—Dr. Carlos P. Romulo, president of the University of Philippines.

'Think This One's Strong Enough To Hold Everybody?'

VICTOR RIESEL

Reuther Is Thinking Big

WASHINGTON — The other day Victor Reuther, who still carries the obvious wounds of a shotgun blast which the Detroit underworld poured into his face, summoned in some members of the foreign diplomatic corps to brief them on Walter Reuther's alliance with the Teamsters.

Victor Riesel

Apparently a great deal of blood, good and bad, has gone over the dam.

Brother Victor confided that this Alliance for Labor Action (ALA) would engender the dynamic "social action" the Reuthers feel has long been lacking in the United States.

This explanation moved forward from the other Reuther's statement in the ALA's Declaration of Purpose, that collaboration with the Brotherhood of Teamsters would "repair the alienation of the liberal-intellectual and academe community and the youth of our nation in order to build and strengthen a new alliance of progressive forces in the broad effort to advance the common good."

Last Wednesday, many of the diplomats were fascinated by Victor's discourse on how Walter Reuther and Frank Fitzsimmons, Jimmy Hoffa's one-man caretaker government, and the Teamsters fraternity would rewin the groves of academie.

It was explained that soon enough the impact of the joint social action would be felt. For example, there will be vast housing projects in the black ghettos.

THE MONEY, Victor Reuther disclosed, would come from the huge workers pension funds now administered by the auto corporations. First, he said, the ALA will approach General Motors and urge it to use the money for construction, instead of having it managed by financial institutions who hold it in trust for hundreds of thousands of older auto workers.

There will be drives to purify the air, beautify the cities, organize millions of unorganized, build a vast strike defense fund.

And, of course, there's always the Kennteh Galbraithian intellectuals who take AFL-CIO President George Meany as a personal insult. The Galbraiths of the world now must be rewon, and doubtlessly Brother Fitzsimmons will be able to help

The intellectual community will thus be disalienated, not only in America but on all continents and centers of basic thought, including Moscow, to which Walter Reuther soon will travel.

To the diplomats (labor attaches) from abroad, including those from Eastern European lands, Victor Reuther's discourse on social action was impressive indeed.

But to insiders it was hardly complete despite its sweeping grandeur of illusion and sharpness of disillusionment with most of American labor.

What was not said was that the Reuther brothers plan a new labor federation, and not merely an ad hoc series of cooperative drives on the political, medical health, small farmers' and black workers' fronts.

To the informed, this is obvious. People may not be logical. But events are.

The new auto union-Teamsters alliance has hit the high road to federation, a mass movement, and a daring and electrifying confrontation with the 14 million-member AFL-CIO.

WALTER REUTHER SIMPLY is rebuilding his old Congress of Industrial Organizations. Reuther is a brilliant strategist and did not talk and walk his way out of the AFL-CIO to wind up in a cul-de-sac.

Having charged the major labor federation with inaction and insensitivity to the new day, the UAW president simply could not continue bombarding George Meany with white papers, and produce nothing.

He had to move. For this he needed a power base which his own union tried but could not build on the political and black fronts outside the auto industry.

So he turned to the one massive power structure outside the AFL-CIO — the Teamsters. Reuther is a most agile and shrewd bargainer. In return for the alliance, he gave Fitzsimmons his first chance to dramatize himself without

Meanwhile, having developed his power base, the aid of Jimmy Hoffa.

Thus, Fitz found himself sitting alongside the sociological Reuther instead of some of the scatological muscle so prevelant in preressurection days.

The alliance was announced and there were vague words about social action and ad hoc efforts to revitalize labor. The specifics were left for a meeting some time in September.

Reuther put himself in a most strategic position. As Victor Reuther told the diplomats, the alliance has huge funds available for organizing.

THIS WILL TEMPT many a union. Reuther also now can offer the bait of Teamster support in new drives and future strikes. This is tempting too.

So some of Reuther's men now are contacting other unions ousted from the old CIO year ago.

There are, for instance, Harry Bridges' left-wing, Pacific Coast longshoremen's union and the East Coast's United Electrical workers.

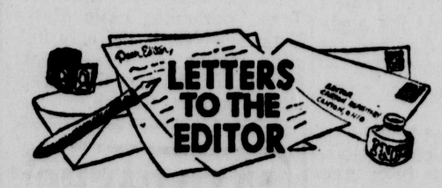
They're all being told that their ouster from the old CIO on charges of having followed a pro-Soviet line is just so much "water over the dam."

And that they're welcome in the new crusade. But welcome to what? Certainly more than an "alliance."

They may all be under the same roof early in 1969 when the new ALA runs "a representative national conference" — a convention, actually.

Such a "conference" needs "structuring," as the alienated academicians say. And structuring means a central headquarters and a secretariat. There could be unions with well over four million members at the "conference."

Thus Walter Reuther will have his new labor movement, and the Teamsters will have a new charisma. And the country may well see a new civil war on the labor front.



Park Plan Opposed

Twenty-five or more Ohioville Borough residents have received notice from the Beaver County Planning and Zoning Commission of the possible purchase of part or all of their property for a proposed park in the vicinity of Little Beaver Creek.

The main purpose of this park, as we understand from Mr. Zapsic, the executive director of the planning commission, is the conservation of the area around Little Beaver Creek.

He feels the purchase of this land would prevent such things as strip mining and stream pollution. We are sure that the property owners in this area have no such intentions and that the land would be better preserved in its natural state through private ownership than possible picnic areas.

We are some of the property owners involved in this development and object to it for the following reasons:

1. We have worked hard for our homes and property, and no amount of money could compensate for their loss.

2. Taxes would probably increase for all Beaver Countians in order to pay the tax burden previously carried by the private owners. People can not withstand the ever-rising taxes.

3. For the homes that would remain, there would be a traffic hazard where little existed, and any nearby picnic or recreation areas would infringe on our privacy.

If the planning commission feels that Beaver County would benefit from an additional park, we urge them to consider other property where no families will be disrupted.

MR. AND MRS. CHARLES PIQUET II
Smiths Ferry, Pa.

The Economy

While the politicians occupy the public limelight, people generally are unfamiliar with the kind of economic conditions a new president probably will face.

What is really happening is that the nation at last is beginning to feel the effects of an uncontrolled economy. For, despite the maladjustments due to a war that has reached a very high annual cost, the restraints which were necessary were not applied soon enough.

Prominent in the news is the signing of a contract between the unions and the steel companies involving an increased expense to the industry of more than one billion dollars over the next three years.

SOME OF THE LEADING producers promptly announced a raise in the prices of steel ranging up to 9.7 per cent on certain tin mill products. The higher prices were applied across the-board by some companies but others maintained the selective system and augmented the prices of certain major items.

President Johnson has criticized the across-the-board increases but hasn't commented on labor's bountiful contract.

If a wage-and-price-control law were in effect, there would be a limitation on labor's demands and on strikes. Wage increases would be granted only after an examination of the capacity of the companies to meet such demands and of whether any price rises could be sanctioned.

Excess profits would be taxed to help pay war costs.

Many buyers had anticipated a possible strike and higher prices in steel, and had increased their inventories. This gave the steel companies what appeared on the surface to be a boom. But a cutback in operations of about 33 per cent now is expected as the demand will drop off.

These factors, which really produce what might be termed an erratic economy, are not the only phases of the problem. The government has just announced that the federal deficit for the fiscal year ending June 30 was 25.4 billion dollars, which is the largest since World War II.

The President had forecast in January a deficit of 5.6 billion dollars less, and the treasury claims that delay in Congress in enacting the tax increase, as well as unforeseen requirements in national defense due to the war in Vietnam, brought about the larger deficit.

Meanwhile, the cost of living has taken its biggest upward jump in more than two years. Goods and services which could be purchased for 10 dollars nine years ago now cost approximately 12 dollars.

As the inflation has proceeded to its present level, there has been fear that sooner or later, when demand dropped, there would be an economic slowdown. Predictions of a recession early in 1969 are being made by some economists and the unemployment figure has gone up to 3.8 per cent.

There have been restrictions imposed on credit, interest rates have been raised and a relatively small hike in taxes has finally been voted. But all these efforts have not been co-ordinated as they would have been under a system of wartime controls.

Already the rate of increase in the gross national product has slowed. This reflects a weakening in the general economy.

There can be no doubt that political considerations have had much to do with the failure of the incumbent administration and the majority in Congress to apply restrictive measures on the economy just as was done during World War II and the Korean War. In those periods excess profits were taxed at high rates and wage and price increases were permitted only within limitations.

ON THE BUSINESS and financial side, there is a great deal of uncertainty as to how long the economy can stand some of the strains that have been imposed by rising costs.

Nobody really can be sure what policies a new administration—whether it be Democratic or Republican—will adopt. So, during the months of September and October, there will be a tendency to hesitate in planning and a reluctance to authorize large expenditures.

Whenever there is a change in administration, the period of transition breeds uncertainty. This time important decisions have to be made —not only with respect to the large expenditures for the Vietnam War, but on whether additional tax measures will be necessary along with wage and price controls to keep the national economy on a stable basis.

Through The Years

THIRTY YEARS AGO — Over 1,500 attended the Ohio City festival of the Penova Odd Fellows Lodge and Rebekahs at the Goodwin property in East End.

Members of the Hammondsville Parent-Teacher Association held a moonlight picnic at the home of Mr. and Mrs. J. M. Myers.

TWENTY YEARS AGO — Herman Heiney and Charles Leatherberry represented Wellsville at the Ohio State Firemen's Association convention in Columbus.

Mrs. E. R. Chandler of Chester won first prize in an essay contest conducted by the West Virginia Federated Women's Clubs. Her topic was "Why I Like to Live in West Virginia."

TEN YEARS AGO — Plans were completed for the Salineville firemen's annual homecoming celebration, with Robert M. Cole general chairman.

Turning A Political Phrase

Soon the newspapers, the TV screens and the air waves will be filled to overflowing with news of the national political conventions and their related activities.

Fine oratory, fine sounding phrases and finely motivated solutions to the nation's ills will be heard.

As a sample of what may be expected, consider a couple of phrases which Gov. Dan Evans of Washington, keynote speaker for the Republican national convention, tried out for reaction in his warm-up speeches.

The governor described the Republican philosophy as one which would have the party create a "self-help society" rather than a "help-yourself society."

Not only does the comparison sound good — and promising — but it makes the opposing party look bad.

Another dandy is very appropriate in declaring that, "It is time now to reach inward, to reach down and touch the troubled spirit of America."

It is a little early yet to get wind of what the Democrats will come up with in the way of campaign oratory. But if it is as good as the Republican line appears to be, this may be quite a year for turning a phrase politically.

A Legacy Of Fear

When German research scientist Otto Hahn died a few days ago at the age of 89, he carried to the grave with him a sense of foreboding for those living in the atomic age.

Mr. Hahn and Fritz Strassman discovered the secret of uranium and thorium fission is 1938 and enabled man to create atomic energy. It was only a matter of time until the atomic bomb was perfected.

The German scientist was awarded the Nobel Prize for the discovery. His fame did not lessen his fear the knowledge would be used in military situations and bring great suffering and loss of life.

He revealed that after the atomic bomb was dropped on Hirohima he considered killing himself.

He was active in movements to ban nuclear weapons. In 1957, he and other West German nuclear physicists issued a statement that they would not assist in development or testing of atomic weapons. They also supported Albert Schweitzer in his campaign to have people around the world demand an end to atomic bomb tests.

The physicists' joint statement said West Germany "could best preserve and protect world peace by desisting from possession of all nuclear weapons."

The then-chancellor, Konrad Adenauer, said the physicists' protest was "unrealistic" in view of the present world situation.

The nuclear race continued and today small steps are being taken to declare a moratorium on nuclear weapons with an eye toward preserving civilization, but many are skeptical the great nuclear rush can be halted.

Mr. Hahn was haunted by his role in the development of atomic energy until his death. His guilt died with him, but his fear was left behind. It rests in the heart of everyone who believes that man has sealed his doom by producing the utlimate weapon before he was ready for it.

Aggravation

We have made sad sounds about the sluggish traffic flow in East Liverpool — due to inadequate signs, poor flow patterns and ill-advised location of drive-in facilities.

But nothing can compare to the utter freezing of movement which occasionally occurs in metropolitan districts. At Pittsburgh Thursday, for example, some truck mishaps on the Parkway halted everything for an hour and a half — a bitterly frustrating experience which brings cause for wonder about the advantages of the automobile and suburban living.

Our community has no jams of such magnitude. But our community has some traffic problems for which solutions can and should be found.

U.S. Prestige Declines

Three public opinion experts, testifying before a special House Foreign Affairs subcommittee hearing, report the prestige of the United States abroad is at an all-time low.

George Gallup Jr., president of the American Institute of Public Opinion, Lloyd A. Free, director of the Institute for International Social Research at Princeton, and Dr. Edward L. Bernays, president of Bernay's Foundations, all agreed U.S. prestige is down.

Mr. Gallup said American prestige started to slip in 1963, according to surveys in 27 countries in Europe and the Far East.

Mr. Bernays said many peoples of the world "have lost faith in U.S. ability to lead the free world."

Adding another disquieting note to the hearing, Mr. Free said favorable opinion of the U.S. in West Germany dropped from 81 per cent in 1965 to 42 per cent today.

It looks as if the Great Society hasn't impressed foreigners any more than it has Americans.

Water As A Prescription

Man long has searched for the fabled fountain of youth in the belief that its miraculous water would somehow preserve or restore the youth of all who drank from it.

The mythical fountain remains a myth today but water, itself, ordinary drinking water, may in a sense, constitute a fountain of life, according to Dr. P. Gregg Rhodes, a specialist in the field of respiratory diseases.

Dr. Rhodes, speaking in Denver, Colo., before a convention of the Children's Asthma Research Institute and Hospital, declared water actually is medicine to prevent and treat respiratory diseases, which are the fastest growing killer ailments today.

The physicians, who is consultant to the chief of the U.S. Public Health Service's chronic respiratory disease control program, admits that it "sounds silly" but he maintains that drinking a lot of water daily is fundamental in warding off andt reating respiratory disease.

Nothing tastes better when you have been without it for a long time and, although usually treated to combat pollution, it is readily available and relatively inexpensive.

Teamed with an apple a day, a glass of water assumes new importance as a healthful prescription.

'Think This One's Strong Enough To Hold Everybody?'

DAVID LAWRENCE

The Economy

While the politicians occupy the public limelight, people generally are unfamiliar with the kind of economic conditions a new president probably will face.

What is really happening is that the nation at last is beginning to feel the effects of an uncontrolled economy. For, despite the maladjustments due to a war that has reached a very high annual cost, the restraints which were necessary were not applied soon enough.

Prominent in the news is the signing of a contract between the unions and the steel companies involving an increased expense to the industry of more than one billion dollars over the next three years.

SOME OF THE LEADING producers promptly announced a raise in the prices of steel ranging up to 9.7 per cent on certain tin mill products. The higher prices were applied across the-board by some companies but others maintained the selective system and augmented the prices of certain major items.

President Johnson has criticized the across-the-board increases but hasn't commented on labor's bountiful contract.

If a wage-and-price-control law were in effect, there would be a limitation on labor's demands and on strikes. Wage increases would be granted only after an examination of the capacity of the companies to meet such demands and of whether any price rises could be sanctioned.

Excess profits would be taxed to help pay war costs.

Many buyers had anticipated a possible strike and higher prices in steel, and had increased their inventories. This gave the steel companies what appeared on the surface to be a boom. But a cutback in operations of about 33 per cent now is expected as the demand will drop off.

These factors, which really produce what might be termed an erratic economy, are not the only phases of the problem. The government has just announced that the federal deficit for the fiscal year ending June 30 was 25.4 billion dollars, which is the largest since World War II.

The President had forecast in January a deficit of 5.6 billion dollars less, and the treasury claims that delay in Congress in enacting the tax increase, as well as unforeseen requirements in national defense due to the war in Vietnam, brought about the larger deficit.

Meanwhile, the cost of living has taken its biggest upward jump in more than two years. Goods and services which could be purchased for 10 dollars nine years ago now cost approximately 12 dollars.

As the inflation has proceeded to its present level, there has been fear that sooner or later, when demand dropped, there would be an economic slowdown. Predictions of a recession early in 1969 are being made by some economists and the unemployment figure has gone up to 3.8 per cent.

There have been restrictions imposed on credit, interest rates have been raised and a relatively small hike in taxes has finally been voted. But all these efforts have not been co-ordinated as they would have been under a system of wartime controls.

Already the rate of increase in the gross national product has slowed. This reflects a weakening in the general economy.

There can be no doubt that political considerations have had much to do with the failure of the incumbent administration and the majority in Congress to apply restrictive measures on the economy just as was done during World War II and the Korean War. In those periods excess profits were taxed at high rates and wage and price increases were permitted only within limitations.

ON THE BUSINESS and financial side, there is a great deal of uncertainty as to how long the economy can stand some of the strains that have been imposed by rising costs.

Nobody really can be sure what policies a new administration—whether it be Democratic or Republican—will adopt. So, during the months of September and October, there will be a tendency to hesitate in planning and a reluctance to authorize large expenditures.

Whenever there is a change in administration, the period of transition breeds uncertainty. This time important decisions have to be made —not only with respect to the large expenditures for the Vietnam War, but on whether additional tax measures will be necessary along with wage and price controls to keep the national economy on a stable basis.

VICTOR RIESEL

Reuther Is Thinking Big

WASHINGTON — The other day Victor Reuther, who still carries the obvious wounds of a shotgun blast which the Detroit underworld poured into his face, summoned in some members of the foreign diplomatic corps to brief them on Walter Reuther's alliance with the Teamsters.

Victor Riesel

Apparently a great deal of blood, good and bad, has gone over the dam.

Brother Victor confided that this Alliance for Labor Action (ALA) would engender the dynamic "social action" the Reuthers feel has long been lacking in the United States.

This explanation moved forward from the other Reuther's statement in the ALA's Declaration of Purpose, that collaboration with the Brotherhood of Teamsters would "repair the alienation of the liberal-intellectual and academe community and the youth of our nation in order to build and strengthen a new alliance of progressive forces in the broad effort to advance the common good."

Last Wednesday, many of the diplomats were fascinated by Victor's discourse on how Walter Reuther and Frank Fitzsimmons, Jimmy Hoffa's one-man caretaker government, and the Teamsters fraternity would rewin the groves of academie.

It was explained that soon enough the impact of the joint social action would be felt. For example, there will be vast housing projects in the black ghettos.

THE MONEY, Victor Reuther disclosed, would come from the huge workers pension funds now administered by the auto corporations. First, he said, the ALA will approach General Motors and urge it to use the money for construction, instead of having it managed by financial institutions who hold it in trust for hundreds of thousands of older auto workers.

There will be drives to purify the air, beautify the cities, organize millions of unorganized, build a vast strike defense fund.

And, of course, there's always the Kennteh Galbraithian intellectuals who take AFL-CIO President George Meany as a personal insult. The Galbraiths of the world now must be rewon, and doubtlessly Brother Fitzsimmons will be able to help

The intellectual community will thus be disalienated, not only in America but on all continents and centers of basic thought, including Moscow, to which Walter Reuther soon will travel.

To the diplomats (labor attaches) from abroad, including those from Eastern European lands, Victor Reuther's discourse on social action was impressive indeed.

But to insiders it was hardly complete despite its sweeping grandeur of illusion and sharpness of disillusionment with most of American labor.

What was not said was that the Reuther brothers plan a new labor federation, and not merely an ad hoc series of cooperative drives on the political, medical health, small farmers' and black workers' fronts.

To the informed, this is obvious. People may not be logical. But events are.

The new auto union-Teamsters alliance has hit the high road to federation, a mass movement, and a daring and electrifying confrontation with the 14 million-member AFL-CIO.

WALTER REUTHER SIMPLY is rebuilding his old Congress of Industrial Organizations. Reuther is a brilliant strategist and did not talk and walk his way out of the AFL-CIO to wind up in a cul-de-sac.

Having charged the major labor federation with inaction and insensitivity to the new day, the UAW president simply could not continue bombarding George Meany with white papers, and produce nothing.

He had to move. For this he needed a power base which his own union tried but could not build on the political and black fronts outside the auto industry.

So he turned to the one massive power structure outside the AFL-CIO — the Teamsters. Reuther is a most agile and shrewd bargainer.

In return for the alliance, he gave Fitzsimmons his first chance to dramatize himself without

Meanwhile, having developed his power base, the aid of Jimmy Hoffa.

Thus, Fitz found himself sitting alongside the sociological Reuther instead of some of the scatological muscle so prevelant in preressurection days.

The alliance was announced and there were vague words about social action and ad hoc efforts to revitalize labor. The specifics were left for a meeting some time in September.

Reuther put himself in a most strategic position. As Victor Reuther told the diplomats, the alliance has huge funds available for organizing.

THIS WILL TEMPT many a union. Reuther also now can offer the bait of Teamster support in new drives and future strikes. This is tempting too.

So some of Reuther's men now are contacting other unions ousted from the old CIO year ago.

There are, for instance, Harry Bridges' left-wing, Pacific Coast longshoremen's union and the East Coast's United Electrical workers.

They're all being told that their ouster from the old CIO on charges of having followed a pro-Soviet line is just so much "water over the dam."

And that they're welcome in the new crusade. But welcome to what? Certainly more than an "alliance."

They may all be under the same roof early in 1969 when the new ALA runs "a representative national conference" — a convention, actually.

Such a "conference" needs "structuring," as the alienated academicians say. And structuring means a central headquarters and a secretariat. There could be unions with well over four million members at the "conference."

Thus Walter Reuther will have his new labor movement, and the Teamsters will have a new charisma. And the country may well see a new civil war on the labor front.

Park Plan Opposed

Twenty-five or more Ohioville Borough residents have received notice from the Beaver County Planning and Zoning Commission of the possible purchase of part or all of their property for a proposed park in the vicinity of Little Beaver Creek.

The main purpose of this park, as we understand from Mr. Zapsic, the executive director of the planning commission, is the conservation of the area around Little Beaver Creek.

He feels the purchase of this land would prevent such things as strip mining and stream pollution. We are sure that the property owners in this area have no such intentions and that the land would be better preserved in its natural state through private ownership than possible picnic areas.

We are some of the property owners involved in this development and object to it for the following reasons:

1. We have worked hard for our homes and property, and no amount of money could compensate for their loss.

2. Taxes would probably increase for all Beaver Countians in order to pay the tax burden previously carried by the private owners. People can not withstand the ever-rising taxes.

3. For the homes that would remain, there would be a traffic hazard where little existed, and any nearby picnic or recreation areas would infringe on our privacy.

If the planning commission feels that Beaver County would benefit from an additional park, we urge them to consider other property where no families will be disrupted.

Lisbon Package Stirs Excitement

LISBON — A mysterious package found on a W. Chestnut St. lawn Thursday night kept police on edge for over an hour before they determined it was not dangerous.

"I thought it might be a bomb," Policeman Phil Prasco said after inspecting the package on the lawn at the William Haifley residence.

The package was about the size of a 25-pound bag of sugar. Printing on the heavy brown paper covering read 'Harco Corp., Cleveland, 2-12 lb. Magnesium Anodes."

Inside were two cylindrical packages covered with white cloth. Coiled wires were visible.

Prasco said no one at the County Jail knew what it was so he took it to village hall. He and Mayor Clyde B. Pike began "Calling people who might know about these things." "One said not to touch it," Prasco related.

When they were unable to reach anyone at the Harco Corp., the telephone operator suggested they call the FBI. Prasco said the FBI said it would check "And get it out of the cruiser." "I didn't know where to put it," Prasco added.

At 9:47 — one hour and seven minutes after Haifley called —Prasco got in touch with Mr. Haverschal who owns the firm. Haverschal said it was quite harmles unless it was burned. He assumed the local gas company might be using it to keep pipes from rusting.

Workmen laying a new gas main on W. Chestnut laughed about the incident this morning. Several bags were stacked nearby. They bury one alongside the main at each service connection and attach a wire to the pipe to drain off static electricity. They said it prevents electrolysis.

Boy Scout Camp Gets High Rating After Inspection

LISBON — The national Boy Scout camp inspector gave a "B-98" rating this summer to Camp Twin Spruce of Columbiana Council, Boy Scouts of America.

More than 400 boys from Columbiana County and Chester and Newell camped at Twin Spruce on Leesville Lake during the six-week season ending Saturday.

Bennett D. Taylor Jr., council executive, said the camp failed to meet national's requirements on two items not enough adults on the staff and the waterfront director was not yet 21.

"In all other departments, the camp received very high praise and ratings," Taylor said. Record keeping, administration, stewardship of equipment and program planning were singled out for special mention, he added.

Twin Spruce received "A-99" rating in the national inspection last summer.

Two Children Hurt In Crash

Two children were injured in a car - truck crash Thursday at 5:10 p. m. on Rubicon St. at the intersection with Charles St.

Police said the crash involved a 1966 sedan operated by Gordon I. Lott, 27, of 814 Oak St. and owned by Larry F. Pridemore of 1812 Michigan Ave., and a 1961 truck operated by Melvin DeLong, 37, of Substation, RD 4.

Both were northbound on Rubicon. DeLong slowed to make a left turn onto Charles St. and collided with Lott who was passing. DeLong said his turn signals were operating, but Lott said he did not see them. Patrolman Charles Coen investigated.

Injured were Angie Horner, 4, of Ogden St. and Vicki DeLong, 13, of RD 4, both passengers in the truck.

The Horner girl suffered contusions of the right ear and the DeLong girl an injury to the left shoulder.

A 1967 model truck operated by Keith Myler, 18, of 153 Haywood St. and owned by Frank Potts of Union St. bumped the side of a 1966 sedan operated by Thomas E. Gallagher, 54, of Jefferson St., Salineville, Thursday at 4:17 p. m. on E. 5th St. at Crook Alley.

Gallagher was halted in the line of traffic on 5th St. and Myler backed or drifted from the alley into the side of the car. Lt. Paul C. Blevins investigated.

A crash Thursday at 3:54 p.m. on Pennsylvania Ave. about 100 feet east of Park Way involved cars operated by Carol Ann Pearson, 25, of 1051 Pennsylvania Ave. and Troy Miles, 55, of 1917 Ohio Ave.

The woman told police she was westbound on Pennsylvania Ave. and stopped for a police cruiser making an emergency run. Miles halted in the opposite lane, preparing to make a left turn. After the cruiser passed, he said he saw the other driver watching the cruiser and started to make his turn. She then pulled out and the two collided. Patrolman D. N. Garvey investigated.

Cars operated by Robert P. Hammond, 18, of 1718 Glove St. and Phillip B. Rudolph, 30, of Youngstown collided Thursday at 3:15 p. m. at the intersection of Boyce St. and Pennsylvania Ave.

Hammond made a short turn from Pennsylvania onto Boyce and struck the Rudolph car, according to Patrolman Charles Coen.

Fund Projects Sifted For Boosters' Group

Fund - raising projects were discussed during a meeting of the Beaver Local Booster Club executive committee Wednesday night at the home of Dale Diddle of Calcutta, president.

Program books for the coming football season also were discussed. Photos must be received within two weeks to appear in the books, Diddle said.

Another meeting will be held next week.

The next regular meeting will be Aug. 13 in the school.

Receives Scout Award

Jim Jolly, son of Mr. and Mrs. Gilbert Jolly of Maple Ln., Calcutta, is shown receiving the Eagle Scout award from Don Lyle, former scoutmaster, during a family night program this week.

The presentation took place at a meeting of Boy Scout Troop 36 of the Longs Run United Presbyterian Church.

Jolly started in scouting as a Cub in 1960 and advanced to the Boy Scouts in 1963. He has earned 24 merit badges and is an active member of the Order of the Arrow. He attended Philmont Scout Reservation in 1967. He will be a junior at Beaver Local High School.

James Cunningham, scoutmaster, was in charge of the program. Color slides of the troop's summer camp were shown by Norman Lamping.

Crucible Expects New TOC Sound To Lessen Soon

Midlanders, long accustomed to crane sirens, locomotive whistles, motor roars and other sounds from the Crucible Steel Corp., have been wondering about a new noise from the plant in recent weeks.

Crucible officials said the sound is from the new Top-blown Oxygen Converter (TOC) being readied for full production.

A spokesman said the induced - draft fans of the gas cleaning equipment on the TOC are being tested. "We believe the sound level intensity will diminish considerably when the TOC is fully operational," he said.

The first American ever to be awarded a Nobel Prize was President Theodore Roosevelt, in 1906, for his service in the cause of world peace.

Hearing Set In Burglary

Two city men and a companion from Mansfield remained in the Beaver County Jail at Beaver today awaiting a hearing Monday on charges of burglary at a Feedom antique shop Thursday.

Roland Taylor, 24, and Roy Davis, 21, of State Line and Clarence Taylor, 41, of Mansfield were placed under $12,000 bond each at arraignment before Justice of the Peace Frank Storer yesterday.

The three were apprehended early yesterday morning by Freedom police as they reportedly were loading boxes from the Brown Antique Shop of 3rd Ave., Freedom, in a driveway beside the store. Entrance to the store had been made by breaking a window earlier, police said.

Hearing Is Set In Innocent Plea

Emery Howard Camden of Zalma, Mo., pleaded innocent when arraigned in Municipal Court this morning on a charge of driving while under the influence of alcohol and his hearing was continued until Monday to allow him time to obtain an attorney.

Camden was arrested Thursday at 11:45 p.m. on Route 7 near Wellsville by Ohio Highway Patrolman J. T. Garrison.

Judge Samuel Chertoff set the bond at $500.

Two other motorists were fined for traffic violations.

Michael B. Johnson of 846 Grandview Ave. was fined $10 and costs for operating a car with a muffler equipped with "cut outs." He was cited Sunday at 5 a.m. on Route 7 by the state patrol.

Robert William McIntyre of Mingo Junction was fined $15 and costs for speeding 70 miles an hour in a 60-mile zone. He was arrested July 6 by the patrol.

Two Children Hurt In Crash

Two children were injured in a car - truck crash Thursday at 8:10 p. m. on Rubicon St. at the intersection with Charles St.

Police said the crash involved a 1966 sedan operated by Gordon I. Lott, 27, of 814 Oak St. and owned by Larry F. Pridemore of 1812 Michigan Ave., and a 1961 truck operated by Melvin DeLong, 37, of Substation, RD 4.

Both were northbound on Rubicon. DeLong slowed to make a left turn onto Charles St. and collided with Lott who was passing. DeLong said his turn signals were operating, but Lott said he did not see them. Patrolman Charles Coen investigated.

Injured were Angie Horner, 4, of Ogden St. and Vicki DeLong, 13, of RD 4, both passengers in the truck.

The Horner girl suffered contusions of the right ear and the DeLong girl an injury to the left shoulder.

A 1967 model truck operated by Keith Myler, 18, of 153 Haywood St. and owned by Frank Potts of Union St. bumped the side of a 1966 sedan operated by Thomas E. Gallagher, 54, of Jefferson St., Salineville, Thursday at 4:17 p. m. on E. 5th St. at Crook Alley.

Gallagher was halted in the line of traffic on 5th St. and Myler backed or drifted from the alley into the side of the car. Lt. Paul C. Blevins investigated.

A crash Thursday at 3:54 p.m. on Pennsylvania Ave. about 100 feet east of Park Way involved cars operated by Carol Ann Pearson, 25, of 1051 Pennsylvania Ave. and Troy Miles, 55, of 1917 Ohio Ave.

The woman told police she was westbound on Pennsylvania Ave. and stopped for a police cruiser making an emergency run. Miles halted in the opposite lane, preparing to make a left turn. After the cruiser passed, he said he saw the other driver watching the cruiser and started to make his turn. She then pulled out and the two collided. Patrolman D. N. Garvey investigated.

Cars operated by Robert P. Hammond, 18, of 1718 Glove St. and Phillip B. Rudolph, 30, of Youngstown collided Thursday at 3:15 p. m. at the intersection of Boyce St. and Pennsylvania Ave.

Hammond made a short turn from Pennsylvania onto Boyce and struck the Rudolph car, according to Patrolman Charles Coen.

Fund Projects Sifted For Boosters' Group

Fund - raising projects were discussed during a meeting of the Beaver Local Booster Club executive committee Wednesday night at the home of Dale Diddle of Calcutta, president.

Program books for the coming football season also were discussed. Photos must be received within two weeks to appear in the books, Diddle said.

Another meeting will be held next week.

The next regular meeting will be Aug. 13 in the school.

Receives Scout Award

Jim Jolly, son of Mr. and Mrs. Gilbert Jolly of Maple Ln., Calcutta, is shown receiving the Eagle Scout award from Don Lyle, former scoutmaster, during a family night program this week.

The presentation took place at a meeting of Boy Scout Troop 36 of the Longs Run United Presbyterian Church.

Jolly started in scouting as a Cub in 1960 and advanced to the Boy Scouts in 1963. He has earned 24 merit badges and is an active member of the Order of the Arrow. He attended Philmont Scout Reservation in 1967. He will be a junior at Beaver Local High School.

James Cunningham, scoutmaster, was in charge of the program. Color slides of the troop's summer camp were shown by Norman Lamping.

Crucible Expects New TOC Sound To Lessen Soon

Midlanders, long accustomed to crane sirens, locomotive whistles, motor roars and other sounds from the Crucible Steel Corp., have been wondering about a new noise from the plant in recent weeks.

Crucible officials said the sound is from the new Top-blown Oxygen Converter (TOC) being readied for full production.

A spokesman said the induced - draft fans of the gas cleaning equipment on the TOC are being tested. "We believe the sound level intensity will diminish considerably when the TOC is fully operational," he said.

The first American ever to be awarded a Nobel Prize was President Theodore Roosevelt, in 1906, for his service in the cause of world peace.

Hearing Set In Burglary

Two city men and a companion from Mansfield remained in the Beaver County Jail at Beaver today awaiting a hearing Monday on charges of burglary at a Feedom antique shop Thursday.

Roland Taylor, 24, and Roy Davis, 21, of State Line and Clarence Taylor, 41, of Mansfield were placed under $12,000 bond each at arraignment before Justice of the Peace Frank Storer yesterday.

The three were apprehended early yesterday morning by Freedom police as they reportedly were loading boxes from the Brown Antique Shop of 3rd Ave., Freedom, in a driveway beside the store. Entrance to the store had been made by breaking a window earlier, police said.

Hearing Is Set In Innocent Plea

Emery Howard Camden of Zalma, Mo., pleaded innocent when arraigned in Municipal Court this morning on a charge of driving while under the influence of alcohol and his hearing was continued until Monday to allow him time to obtain an attorney.

Camden was arrested Thursday at 11:45 p.m. on Route 7 near Wellsville by Ohio Highway Patrolman J. T. Garrison.

Judge Samuel Chertoff set the bond at $500.

Two other motorists were fined for traffic violations.

Michael B. Johnson of 846 Grandview Ave. was fined $10 and costs for operating a car with a muffler equipped with "cut outs." He was cited Sunday at 5 a.m. on Route 7 by the state patrol.

Robert William McIntyre of Mingo Junction was fined $15 and costs for speeding 70 miles an hour in a 60-mile zone. He was arrested July 6 by the patrol.

Rail Stock Acquired By National Steel

PITTSBURGH — The National Steel Corp. has acquired 100 per cent of the stock of the Delray Connecting Railroad Co.

Charles A. O'Brien, formerly Midwest regional manager for the National Steel Transportation Products Division, has been named president of the railroad.

O'Brien began his National Steel career with the Midwest Steel Division in 1960, following 17 years employment in operations with the Pennsylvania Railroad. In 1966, he was named traffic manager at the Midwest Division and in February 1968 was appointed a regional manager for the Transportation Products Division.

GEORGETOWN — Laurey Mae Doak, daughter of Mr. and Mrs. Donald Doak, was honored on her 13th birthday July 27 at her home.

Games were played, with prizes going to Joy Rogers and Terri Mackall.

Vicki Doak assisted her mother in serving refreshments.

A family party was held Sunday for Laurey Mae, with her maternal grandparents, Mr. and Mrs. Donald McHaffie, among the guests.

Recent guests of Mrs. Louis Wagner included Mrs. Betty Wagner and family of Chagrin Falls. Virginia Wagner remained for a visit with Mrs. Wagner, her grandmother.

Recent guests of Mrs. Wendell Welborn included Mrs. Paul Holbrook of North Wilkesboro, N. C., and Mrs. Virgil Settle of Elkin, N. C., a former resident of Georgetown.

Mr. and Mrs. John Mackall have concluded a motor trip through Virginia, Maryland and Washington, D.C. They also visited Mrs. Mackall's mother, Mrs. Lucy Cortis, of Wooster, Mass., who returned with the Mackall's for a visit. Mrs. Cortis was honored with a family party at the Mackall home. Twenty - three were present. Guests included Mrs. Helen Betonti of Canonsburg.

Mr. and Mrs. William Reckner Jr. and family of Minerva were guests of his parents, Mr. and Mrs. Paul Hewitt, Tuesday. Their daughter Marilyn remained for a visit.

Mr. and Mrs. Phillip Hewitt have concluded a visit with Dr. and Mrs. Donald Quinsey and also Mr. Hewitt's mother, Mrs. Jefferson Hewitt, all of Hancock, Maine. They also visited with Mr. and Mrs. Wayne Cornet of Anandale, Va.

Mr. and Mrs. Alan Chamberlain of Belfast, N. Y., are the parents of a son, Andrew Lee, born at St. Francis Hospital, Olean, N. Y. The maternal grandparents are Mr. and Mrs. Ford Dawson of Greene Township.

About 100 attended the annual homecoming at the Bethel United Methodist Church.

The Rev. John Haney preached the morning sermon. Lunch was served at noon.

During the afternoon, Mrs. Carl Hairhoger gave the sermon and the Rev. Leroy Ickes of Monaca was song leader.

Selections were sung by Patty Harbaugh and Michael Stroud, Mr. and Mrs. Hairhoger, a quartette including Eugene Beal, Earl Whitehill, Charles and Karen Stroud, The Good Will and Pee Wee Choirs.

Gifts were presented to Mrs. Charles Beal, 79, oldest guest; the 4-month-old child of Mrs. Anna Mae Kolenich of Bellaire, and to Mrs. Virginia Long of Salem, traveling the farthest.

Rockefeller Endorsed By Post-Gazette

PITTSBURGH — The Pittsburgh Post - Gazette editorially endorsed Gov. Nelson A. Rockefeller of New York today for the Republican nomination for president.

"During a long public career capped by ten years as chief executive of a great state," the editorial said, "Governor Rockefeller has exhibited imagination, political skill and executive ability, and has remained true to principles of fair campaign competition.

"Though Mr. Richard Nixon has been more restrained in recent years, his career has been marked by political conquests achieved by impugning the loyalty of his opponents, a tendency not to be welcomed in an occupant of the presidential office."

The newspaper also said Gov. Rockefeller has demonstrated "a readiness to recognize past mistakes and, unlike Mr. Nixon, has advanced a realistic peace plan" for Vietnam.

July Sees Boost In Court's Cases

LISBON — The number of cases pending in Columbiana County Common Pleas Court rose from 920 to 928 during July.

Dispositions in the two courts totaled 69 last month, but 77 new cases — 36 of them divorce actions — were filed during the period.

An analysis of dispositions shows 50 cases tried to court, 14 settled or dismissed, four cognovit and default judgments and one jury trial.

Two county cases went to the Seventh District Court of Appeals in July. Seven county cases are pending in the appellate court.

Clerk of Courts Carl L. Stacey prepares the monthly summary for the Ohio Supreme Court.

Double Charges Filed In Local Tax Actions

Twenty-seven affidavits were filed in Municipal Court today by D. G. Wilkinson, city tax commissioner, against residents who have failed to pay the final half of their income tax for 1967.

Wilkinson also charged them with failure to file a declaration statement for wages earned during the first half of 1968.

This is the first time such double charges have been filed, he said. The court will set the hearing dates after serving the affidavits.

Philippines Quake Feared Fatal To 200

MANILA (AP) — Rescue workers dug through the rubble of a five-story apartment house that collapsed in Manila today during the Philippines' worst earthquake in memory. One Filipino said he saw 12 bodies removed from the wreckage, and a police spokesman said it was believed that about 200 persons were killed throughout the Philippines.

It will probably take days for a reliable casualty toll to be compiled. It was believed that most fatalities occurred in the apartment building that collapsed in the capital's Chinese quarter, but estimates of the number of tenants ranged from 400 to 1,100 and reports of the number of missing varied just as widely.

The quake came at 4:21 a.m., while most people were in bed. It lasted almost a minute and registered six on a scale of nine. It was felt throughout the main island of Luzon, and damage was believed heavy.

The tremors toppled the spire of the Church of Christ Cathedral in Manila, leveled cement walls throughout the city, twisted steel bars and shattered countless windows.

It set off a fire in Manila Harbor, and authorities said about 75 million in imported cargo burned. Officials said it consisted of general merchandise, medicine, dry goods and silverware from the United States, Europe and Asia.

Two fires at the big Far Eastern Unviersity in downtown Manila damaged the science and arts buildings.

of gaining the nomination himself and abruptly quit the race. He has expressed dissatisfaction with all of the contenders.

Romney has not been noticeably appreciative of Rockefeller's previous efforts to promote the Michigan Governor's candidacy. Some intimates suspect Romney harbors the thought that he was pushed out by Rockefeller, a circumstance the New York governor has vehemently denied.

The Michigan delegation plans an informal meeting Saturday night and a formal caucus Sunday night. Mrs. Elly Peterson, the state chairman, said the delegates have "talked about" staying with Romney beyond the first ballot.

Sen. Robert Griffin, R-Mich., noted that the Michigan group is pledged to Romney only for the first ballot. He said he doubts that Romney could deliver the whole group to any one candidate.

Michigan For Reagan?

Griffin estimated that four of Michigan's 48 delegate votes in the end may go to Gov. Ronald Reagan of California. He said he thinks about 30 favor Rockefeller and 15 support Nixon.

John S. Andrews, Ohio state chairman, said in a statement that the Ohio delegation will remain uncommitted when the convention opens. He added that Rhodes's name will be placed in nomination as the state's favorite son. But he gave no indication what would happen after that.

The Rockefeller and Nixon camps both assess Rhodes as a man likely to leap for the bandwagon once it is clearly identified as rolling. Neither pretends to guess Rhodes's thinking at the moment.

Gov. Spiro T. Agnew of Maryland, another favorite son, has both sides stumped. He was gravely irked when Rockefeller backed and filled about seeking the nomination after Agnew had started a draft drive for the New Yorker. The Maryland governor subsequently has had kind words for Nixon, who has mentioned him as a potential vice presidential candidate.

Platform

(Continued from Page 1)

K. Javits of New York, a Rockefeller backer, denied a published report that Javits had stormed out of the closed meeting after accusing Dirksen of railroading the platform.

Won't Mention Names

Sen. Robert P. Griffin of Michigan said the Republicans will adopt a plank—without mentioning Abe Fortas or Homer Thornberry by name—calling for an independent judiciary and highest standards in the appointment of judges, "including the Supreme Court."

Griffin has been fighting President Johnson's nomination of Fortas to be Chief Justice and Thornberry to be an associate justice on grounds that Johnson's choices were based on cronyism..

Prospects for accord on the Vietnam plank improved after Richard M. Nixon's statement to the committee Thursday endorsing negotiations and an increasing takeover of the war burden by South Vietnam..

Javits said this put Nixon and Rockefeller in agreement on the main Vietnam issues and pitted the views of the two against what he termed the hard line of Gov. Ronald Reagan of California.

military superiority has been wasted, our options frittered away, by applying power so gradually as to be ineffective. The swift, overwhelming blow that would have been decisive two or three years ago is no longer possible today. Instead, we find that we have been locked into a massive, grinding war of attrition."

Policy For South Vietnam

Nixon, Feb. 7—". . . and in South Vietnam we must prosecute more effectively the training of the South Vietnamese forces and the pacification program so that they (North Vietnamese and Viet Cong) won't have so fertile a ground to plough."

Rockefeller, May 1—"The 'Americanization' of the effort, military and civilian, should be reversed. The Saigon government should be encouraged to mobilize and develop its best manpower, both military and civilian. Our efforts in Vietnam will be successful to the extent that it leads the Vietnamese to assume greater responsibility for their future."

Rockefeller, May 19—"I feel it is quite clear that we are not going to solve this problem in Vietnam and in the whole of Southeast Asia, and with our relations with the Soviet Union and China, through military action. They have been able to match us on every escalation with manpower and sophisticated weapons, and they can do it right up to nuclear weapons. And who wants to see a nuclear war?"

Nixon, Feb. 15—"My view has been and is that the use of nuclear weapons, tactical or strategic in Vietnam, would neither be necessary and would be unadvisable and in the end could be dangerously escalatory in its effect."

Nixon, Aug. 1—"However cruel its military aspects, this new kind of war is not primarily a military struggle in the conventional sense. It is primarily a political struggle with the enemy conducting military operations to achieve political and psychological objectives. It is a war for people not for territory.

Nixon, Feb. 7—". . . and in South Vietnam we must prosecute more effectively the training of the South Vietnamese forces and the pacification program so that they (North Vietnamese and Viet Cong) won't have so fertile a ground to plough."

Rockefeller, May 1—"The 'Americanization' of the effort, military and civilian, should be reversed. The Saigon government should be encouraged to mobilize and develop its best manpower, both military and civilian. Our efforts in Vietnam will be successful to the extent that it leads the Vietnamese to assume greater responsibility for their future."

Rockefeller, May 19—"I feel it is quite clear that we are not going to solve this problem in Vietnam and in the whole of Southeast Asia, and with our relations with the Soviet Union and China, through military action. They have been able to match us on every escalation with manpower and sophisticated weapons, and they can do it right up to nuclear weapons. And who wants to see a nuclear war?"

Nixon, Feb. 15—"My view has been and is that the use of nuclear weapons, tactical or strategic in Vietnam, would neither be necessary and would be unadvisable and in the end could be dangerously escalatory in its effect."

Nixon, Aug. 1—"However cruel its military aspects, this new kind of war is not primarily a military struggle in the conventional sense. It is primarily a political struggle with the enemy conducting military operations to achieve political and psychological objectives. It is a war for people not for territory.

Local Girl, Wellsville Man Wed In Ceremonies Here

Miss Christine Mary Capraruolo, daughter of Mr. and Mrs. Anthony Capraruolo of 1937 Dresden Ave., became the bride of Kent Bell, son of Mr. and Mrs. Kenneth Bell of 237 Highland Ave., Wellsville, July 22 at 6:30 p. m. in St. Aloysius Church.

Fr. William J. Lawler officiated for the double - ring ceremony before an altar background of white carnation and daisies, ferns and candelabra. Velvet bows and yellow mums marked the family pews.

Mrs James O'Reilly played a half - hour recital of organ music. Her husband sang the nuptial Mass.

—:—

GIVEN IN marriage by her father, the bride was attired in a cage - style gown of Alencon lace over peau de soie. Seed pearls trimmed the scalloped neckline and long, pointed sleeves. The detachable Watteau train featured a scalloped border.

Her fingertip veil of silk illusion was attached to a Dior bow of peau de soie accented with daisies and seed pearls. She carried a cascade bouquet of white roses, carnations and stephanotis tied with velvet streamers. Crystal rosary beads were placed in the center of the arrangement. The traditions were observed.

Miss Peggy Gentry, maid of honor, wore a full - length gown of yellow lace over peau de soie featuring a daisy motif. Her headpiece was a matching satin Dior bow with an illusion veil. Her daisy necklace was the gift of the bride. She carried a cascade of white daisies tied with olive green velvet streamers.

Vito Weeda served as best man. Ushers were John Capraruolo, brother of the bride, and Dave Bell, the bridegroom's brother. They received engraved tie tacs from the bridegroom.

The mother of the bride chose an orange and gold ensemble with a corsage of orange tea-roses. The bridegroom's mother was attired in a pink ensemble with white rosebud corsage. Mrs. Mary Voltz of Empire and Mrs. Mary Capraruolo, grandmothers of the bride, wore white carnation corsages.

MRS. KENT BELL
Residing Here.

—:—

A RECEPTION for 200 followed at the Chester VFW hall where a buffet luncheon was served by Mrs. Marge Ludwig, Mrs. Katie Mills and Mrs. Angie Tolassi. The bride's table was centered with a three-tier cake, encircled at the base with daisies and topped with a miniature bridal couple. A centerpiece of yellow mums and daisies decorated the buffet table.

Following a honeymoon at Niagra Falls, the newlyweds are residing in a mobile home on Dresden Ave.

The bride, a graduate of East Liverpool High School, is employed as a cashier at Hills. Her husband was graduated from Wellsville High School and is attending the Ohio Valley Business College. He is employed at the Homer Laughlin China Co.

Escapee Captured

CINCINNATI (AP)—A Cincinnatian missing from the city workhouse since May 20 was captured Thursday in nearby Cheviot, police said. He was identified as Jerry L. Cracium, 26, who had been serving a 10-day sentence for disorderly conduct and had been indicted for rape.

Long - suffering commuters derive solace in using their railroad's initials to contrive epithets expressing affection or displeasure with a road's service. Middletown and Unionville was once popularly called the Miserable and Useless, the Maryland and Pennsylvania became the Ma and Pa and the Delaware, Lackawanna and Western was misread as Delay, Linger and Wait.

Midland Girl Injured As Auto Leaves Road

A Midland girl was injured when the car in which she was a passenger spun around on rain - slick Route 68 near Smiths Ferry Thursday afternoon.

Linda Crute, daughter of Raymond Crute of 365 Penn Ave. was treated at City Hospital for bruises of the cheek suffered when her face struck the dashboard.

Authorities said the car, driven by her father, was about 500 yards east of the Beaver Creek bridge and went off the highway when he attempted to avoid some potholes in the road. The car landed on guardrails.

RAINWATER FOR SHAMPOOS

Q. I have heard that rainwater is best for shampooing the hair. Should this be followed by a lemon rinse?

A. Tap water contains chemicals which react with soap to form a "scum" which, when deposited on the hair, has a dulling effect. A weak acid such as vinegar or lemon juice provides a chemical effect, allowing the scum to be rinsed from the hair. Rainwater contains no chemicals to react with soap, hence no "scum" to be deposited on the hair. Detergent shampoo requires neither rainwater nor acid rinse because tap water chemicals do not react with such shampoos.

IODIZED SALT

Q. Our local food market no longer stocks iodized salt. Is such salt still medically approved?

A. Except in special cases, iodized salt should always be used. A deficiency of iodine causes goiter. While seafood is rich in iodine, people who live inland may not obtain sufficient iodine from this source. Speak to the manager of your local market and insist that he stock iodized salt.

GIVEN IN marriage by her father, the bride was attired in a cage - style gown of Alencon lace over peau de soie. Seed pearls trimmed the scalloped neckline and long, pointed sleeves. The detachable Watteau train featured a scalloped border.

Her fingertip veil of silk illusion was attached to a Dior bow of peau de soie accented with daisies and seed pearls. She carried a cascade bouquet of white roses, carnations and stephanotis tied with velvet streamers. Crystal rosary beads were placed in the center of the arrangement. The traditions were observed.

Miss Peggy Gentry, maid of honor, wore a full - length gown of yellow lace over peau de soie featuring a daisy motif. Her headpiece was a matching satin Dior bow with an illusion veil. Her daisy necklace was the gift of the bride. She carried a cascade of white daisies tied with olive green velvet streamers.

Vito Weeda served as best man. Ushers were John Capraruolo, brother of the bride, and Dave Bell, the bridegroom's brother. They received engraved tie tacs from the bridegroom.

The mother of the bride chose an orange and gold ensemble with a corsage of orange tea-roses. The bridegroom's mother was attired in a pink ensemble with white rosebud corsage. Mrs. Mary Voltz of Empire and Mrs. Mary Capraruolo, grandmothers of the bride, wore white carnation corsages.

—:—

A RECEPTION for 200 followed at the Chester VFW hall where a buffet luncheon was served by Mrs. Marge Ludwig, Mrs. Katie Mills and Mrs. Angie Tolassi. The bride's table was centered with a three-tier cake, encircled at the base with daisies and topped with a miniature bridal couple. A centerpiece of yellow mums and daisies decorated the buffet table.

Following a honeymoon at Niagra Falls, the newlyweds are residing in a mobile home on Dresden Ave.

The bride, a graduate of East Liverpool High School, is employed as a cashier at Hills. Her husband was graduated from Wellsville High School and is attending the Ohio Valley Business College. He is employed at the Homer Laughlin China Co.

The rehearsal dinner party was given by the bridegroom's parents at Meade's Restaurant in Wellsville.

Miss Kathy Golden was hostess for a pre-nuptial shower.

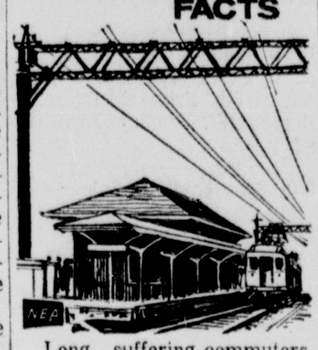
Escapee Captured

CINCINNATI (AP)—A Cincinnatian missing from the city workhouse since May 20 was captured Thursday in nearby Cheviot, police said. He was identified as Jerry L. Cracium, 26, who had been serving a 10-day sentence for disorderly conduct and had been indicted for rape.

WORLD ALMANAC FACTS



Long - suffering commuters derive solace in using their railroad's initials to contrive epithets expressing affection or displeasure with a road's service. Middletown and Unionville was once popularly called the Miserable and Useless, the Maryland and Pennsylvania became the Ma and Pa and the Delaware, Lackawanna and Western was misread as Delay, Linger and Wait.

Midland Girl Injured As Auto Leaves Road

A Midland girl was injured when the car in which she was a passenger spun around on rain - slick Route 68 near Smiths Ferry Thursday afternoon.

Linda Crute, daughter of Raymond Crute of 365 Penn Ave. was treated at City Hospital for bruises of the cheek suffered when her face struck the dashboard.

Authorities said the car, driven by her father, was about 500 yards east of the Beaver Creek bridge and went off the highway when he attempted to avoid some potholes in the road. The car landed on guardrails.

Brief Cites Scripps

CINCINNATI (AP)—The Justice Department Thursday filed a pre-trial brief in U.S. District Court here in connection with its suit to force the E. W. Scripps Co. to give up its majority interest in the Cincinnati Enquirer.

RAINWATER FOR SHAMPOOS

Q. I have heard that rainwater is best for shampooing the hair. Should this be followed by a lemon rinse?

A. Tap water contains chemicals which react with soap to form a "scum" which, when deposited on the hair, has a dulling effect. A weak acid such as vinegar or lemon juice provides a chemical effect, allowing the scum to be rinsed from the hair. Rainwater contains no chemicals to react with soap, hence no "scum" to be deposited on the hair. Detergent shampoo requires neither rainwater nor acid rinse because tap water chemicals do not react with such shampoos.

IODIZED SALT

Q. Our local food market no longer stocks iodized salt. Is such salt still medically approved?

A. Except in special cases, iodized salt should always be used. A deficiency of iodine causes goiter. While seafood is rich in iodine, people who live inland may not obtain sufficient iodine from this source. Speak to the manager of your local market and insist that he stock iodized salt.

Petition Asks Blacktopping

LISBON — Eighteen Annsley Rd. residents visited Columbiana County commissioners Thursday to present a petition reading:

"We, the undersigned, as property owners, ask for your consideration of a blacktop surface for Annsley's Rd."

The signers were Thomas E. Diddle, Clyde C. Shelton, Mrs. Frank Rizer, Milton P. Baker, Herman C. Miller, David R. LeFebvre, Spencer Rose, Mrs. Florence Johnston, Robert R. Guy, James M. Knight, Mrs. Herschel Conley, Lloyd Lockhart, John Gerra, L. M. Davis, David D. Carpenter, John M. Watson, Kenneth Butcher and Sadie Hanlon.

The commissioners explained the summer road maintenance program worked out between township trustees and the county engineer and said it would be too late for any work this year.

They suggest that the residents present their request to the township trustees for possible inclusion of the work in the 1969 program.

Commissioners paid the city of Wellsville $32 for 64 stray dogs destroyed during July.

Detroit Papers Hoping Presses Roll Next Week

DETROIT (AP) — For the first time in more than eight and a half months, the afternoon Detroit News and morning Free Press hope to have their presses rolling again.

The News expects to hit the streets again on Friday, a week from today, and the Free Press on the Saturday following.

Resumption of publication will signal the end of by far the longest newspaper shutdown — 268 days from the time it began last Nov. 16 with a Teamsters strike against the News.

Publishers and the last striking operating union, the mailers reached tentative agreement Thursday on a new 34½-month contract that includes a package of wage and fringe benefit increases worth $33 weekly spread over that span.

Wellsville High Registration Set

Wellsville High School students who will be new in the district this year and must register are to stop at the high school any time through Aug. 23 from 8 to 11 a.m. and 1 to 3 p.m., Principal William enough, has announced.

Those having questions concerning their schedules also may stop at the school during the same period and time, he said.

The DOCTOR Says

By Dr. W. G. Brandstadt

New Tecniques Aid Diagnosis

The deadly sword of ancient times became with slight modification, the earliest surgical scalpel. Research to provide new techniques and materials and the full development of their uses have become the symbols of progress. For every technological discovery in any field there is a biomedical engineer waiting to apply it in the diagnosis and or treatment of disease.

Dr. Brandstadt

—:—

THE DIRECTOR of the National Institutes of Health in Bethesda, Md., describes biomedical engineering as "a new and complex discipline" that includes making a diagnosis by means of a digital computer, the use of the ruby laser to treat a detached retina, various subfreezing surgical techniques (cryosurgery), electric pacemakers for irregular hearts, the use of oxygen under pressures of 30 to 45 pounds per square inch to treat tetanus and other diseases, ultrasound for diagnosis and treatment and the artificial kidney, to name but a few of the fruits of modern technology.

—:—

IN THE PAST a lag of 10 to 50 years often elapsed between a scientific discovery and its application in the healing arts and sciences. This period has now been cut to weeks or days. The transistor, widely used throughout the technological world, found immediate application in modern hearing aids. Batteries, once the size of wieners, are now made about the size of a shirt button.

—:—

SO GREAT IS the need to make equipment compact, whether it be for the conquest of outer space or of a failing heart, that even the transistor is being replaced by much smaller units called microcircuits. New metals or metallic alloys and new plastics have made possible the replacement of diseased joint surfaces and the tiny bones of the inner ear. These materials had to be noncorrosive and incapable of causing a foreign body reaction when placed in the body.

—:—

COMPUTERS ARE now being used for making blood counts, screening Pap smears for abnormal or malignant cells and reading X-ray films. Hopefully, the time saved through the use of these devices will give your doctor more time to spend with his patients, more time to explain to you the significance of his findings.

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of The Review. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

Construction Permits Drop

Construction projects fell off during July, according to the list of building permits issued by Chester M. Brown, building inspector.

Eight permits were issued last month for a total of $7,650 in repairs or new construction. They follow:

Effie Simms of 2026 Ohio Ave., remodel a porch, no estimate; George Beck of 2223 St. Clair Ave., remodel a home, $2,500; Alfred Dailey of 1335 Oakwood Ave., remodel a dwelling, $500; Shirley Simms of Woodbine Ave., MC 19, build two porches, $500.

Leonard Oliver of 247 W. 9th St., remodel a porch, $500; George Smith of 814 Chester Ave., rebuild and remodel a porch, $500; Ellis McMillan of 2205 Michigan Ave., remodel a home, $900, and Willard Adkins of 1849 Harvey Ave., construct, a single - car garage, $950.

Son Of Ex-Residents Has Convention Role

Mike Evans, son of Mr. and Mrs. Francis Evans of Anaheim, Calif., former local residents, will serve as an honor guard during the Republican convention at Miami.

A senior at Savanna High School, he has been serving as president of the Anaheim Teen-Age Republican Club.

During the annual division club camp this month at Idyllwild, Evans was elected treasurer of the western division of the National Teen - Age Republicans and will be among the 20 who will attend the national association board meeting next spring in Washington, D. C.

Evans is the son of the former Sara Bourne and the grandson of the late Richard Bourne of Bradshaw Ave.

New Approach Slated Into Water Pollution

SANDUSKY, Ohio (AP)—Two collapsible 100,000-gallon rubber tanks are to be installed at the bottom of Sandusky Bay to try and cut down water pollution.

William Bandy of Akron, who is handling the project, said the new approach "may be one of the ways of solving the nation's $40-billion storm and sanitary sewer pollution problems."

He said the tanks will be used to catch overflow sewage during storms.

Camp Fire Girl News

The program and training schedule for the forthcoming season were outlined during the meeting of Kinoka Council of Camp Fire Girls, Inc., Wednesday night at the Bryan Recreation Center in Dixonville.

Mrs. Ralph Musuraca, program chairman, reviewed the councilwide activities planned for the girls. Mrs. Charles Keuper, training chairman, gave a resume of the extensive workshops to be arranged for the adult leaders.

Mrs. Robert Schlang, president, pointed out the girl featured on the muscular dystrophy poster is a 10-year-old Camp Fire Girl from Saginaw, Mich.

New board members welcomed were Mrs. Edwin Bayley Jr., who will serve as adult membership chairman, and Mrs. Earl Tweed, public relations chairman. Mrs. Thomas Cloran, already on the board, was named camp and properties chairman.

In the reports on the recent day camp at Echo Dell, it was announced that 98 children attended.

The next council session will be Aug. 28 at the Bryan center.

Approves Grant

COLUMBUS, Ohio (AP) — Gov. James A. Rhodes Thursday approved a $27,202 legal services grant to the Stark County Council for Economic Opportunity, Canton. The Stark County Legal Aid Society is the delegate agency.

The DOCTOR Says

New Tecniques Aid Diagnosis

The deadly sword of ancient times became with slight modification, the earliest surgical scalpel. Research to provide new techniques and materials and the full development of their uses have become the symbols of progress. For every technological discovery in any field there is a biomedical engineer waiting to apply it in the diagnosis and or treatment of disease.

Stargell Returns, Homers; Pirates Defeat Reds 6-1

CINCINNATI (AP) — Outfielder Willie Stargell returned to the Pittsburgh lineup Thursday night and rapped Cincinnati for a three-run homer, watching the Reds slide down a notch from second-place in the National League.

"The big guy stepped into that ball and knocked it over the lights," said Pirate Manager Larry Shepard after Stargell unloaded his 19th homer in the fourth—a large factor in Pittsburgh's 6-1 victory.

"With Stargell back in the lineup, this is the first time I think in three months we've had all our regulars in the game at one time," Shepard said.

Stargell suffered a neck injury and cut lip last month in Pittsburgh when he ran into the scoreboard on a fielding attempt. In four other trips to the plate Thursday night, he walked three times and flied out.

Matty Alou picked up three singles in five times at bat to move farther ahead of the Reds' Pete Rose in their race for the league's batting crown. Rose stayed at .331 on one hit, a double, while Alou moved from .334 to .338.

Pirate starter Tommie Sisk picked up his fifth victory in eight decisions, getting relief help in the ninth from Roy Face.

Reds starter Jim Maloney, now 9-7, allowed the Pirates six runs and four of their seven hits—on 98 pitches during his 4 1-3 innings.

"That' all right," said Cincinnati Manager Dave Bristol. "Anyone who throws the ball hard makes a lot of pitches. We just got beat, that's all."

The Reds may have been their worst enemy as they took their second straight loss from the Pirates, who capitalized on three errors by Cincinnati.

Maury Wills opened the Pirates scoring in the first after he walked, stole second, moved to third on Johnny Bench's throwing error—and scored on a fielding error by Vada Pinson.

Then Stargell slammed his homer for a 4-0 score after Alou got on with a single and Roberto Clemente was safe on Tommy Helms' fielding error.

Pittsburgh scored again in the fifth, knocking Maloney for a pair of singles and two straight walks. Gene Alley's sacrifice fly off reliefer Bob Lee accounted for Pittsburgh's sixth tally.

Pinson homered with the bases empty in the sixth for Cincinnati.

Sisk Gets Win

Sports Whirled

Review Sports Editor

Baseball, despite indications of losing popularity to football, will fly in the face of the grid sport next season.

The 162-game schedule, which will start earlier than ever, April 5, will not end until Oct. 2. The best three out of five divisional playoffs will start on Oct. 4, a Saturday, and the World Series will start the following Saturday, Oct. 11. A seven-game series, even with no games called off by bad weather, wouldn't end until Oct. 20, when football season is half over. Maybe this is retaliation for football's continued earlier starts, midway in the baseball season.

THE PHOENIX SUNS, one of the new entries in the National Basketball Association, will do well at the gate if the team's owners perform during halftime. The club is owned by singers Ed Ames, Andy Williams and Bobbie ("Ode To Billy Joe") Gentry, orchestra leader Henry Mancini and actor Tony Curtis.

JIM QUINN, assistant basketball coach at East Liverpool High last year, received a draft deferment due to his continuing his studies, and expects to again help Clint McConnell this winter. East Liverpool still needs a replacement for Frank Melchiorre, the reserve coach who has taken the head job at St. Clairsville.

Midland also is searching for an assistant basketball coach, as Larry Bender has taken a position in industry and will not teach this year. Bender also served as head golf coach at Midland.

MARV SIX and Tom Thayer, both 1966 Oak Glenn graduates from New Cumberland, are listed 1-2 at the right linebacker position on the West Virginia U. football team "three-deep" chart.

ROCKY COLAVITO, who has played for 14 different big league managers, tabs Jimmy Dykes as the best of the lot.

JIM TAUCHER and Kip Reeves of East Palestine will attend Mt. Union College this fall on football scholarships. Both players are ends. Taucher was honorable mention all-state and played basketball and set a county record in the pole vault.

Hurls 3-Hitter

Marichal Wins 20th, Beats Dodgers, Drysdale

By HAL BOCK
Associated Press Sports Writer

If relief pitchers had to depend on Juan Marichal to build their reputations, they'd be in a lot of trouble.

Marichal, who became the National League's first 20-game winner with a three-hitter as San Francisco blanked Los Angeles 2-0 Thursday night, believes in finishing what he starts.

The Dominican Dandy bested Dodger ace Don Drysdale for his 16th consecutive complete game and fifth straight victory. Marichal has gont the distance in 96 of his last 97 victories.

In other National League action, Atlanta topped New York 4-2, Chicago tripped Houston 4-1, St. Louis nipped Philadelphia 2-1 in a game ended by rain after seven innings, and Pittsburgh rapped Cincinnati 6-1.

The bullpen had its usual quiet evening while Marichal mowed down the Dodgers. It was the Giant ace's seventh straight victory in head-to-head showdowns with Drysdale.

Marichal, 20-4, is six days ahead of the pace set by Dizzy Dean who won 30 games in 1934—the last pitcher to do it. Dean didn't notch No. 20 until Aug. 7. Detroit's Denny McLain, 21-3, is the only other 20-game winner in the majors at the moment.

Jim Davenport singled San Francisco's first run across in the fourth and hot-hitting Dick Dietz cracked a homer in the sixth. It was Dietz' sixth hit in eight at bats.

The rampaging Cardinals extended their first-place lead to 15 games with Steve Carlton's seven-inning two-hitter beating Philadelphia.

It was the fourth straight complete game victory for the St. Louis pitching staff. Roger Maris stroked a single and double and had a hand in both Cardinal runs.

Maris doubled Lou Brock home in the third and singles by Curt Flood and Maris followed by Orlando Cepeda's double play grounder broke a 1-1 tie in the sixth. Johnny Callison homered for the Phillies.

Willie Stargell hammered a three-run homer that carried the Pirates past Cincinnati. Stargell connected against Jim Maloney in the fourth inning after Matty Alou's single and an error by Tommy Helms had put Pittsburgh in business. Errors by Johnny Bench and Vada Pinson helped the Pirates to a run without a hit in the first and Maloney forced in another with a bases-loaded walk.

Phil Regan chalked up his 14th save of the season and Don Kessinger rapped three hits and had a hand in three scoring rallies as the Cubs tripped Houston.

Kessinger tripled and scored on Ron Santo's first-inning single. The same combinaton clicked again in the seventh with singles by Kessinger and Santo sandwiched around a sacrifice producing another run. Jim Hickman doubled and Kessinger singled him home in the eighth.

Regan came out of the bullpen in the eighth and protected Joe Niekro's fifth straight victory and his 11th of the season. Randy Hundley homered for the Cubs.

Atlanta's Cecil Upshaw came on with two runs in and none out in the first inning and shut New York out with nine innings of four-hit relief as the Braves tagged the Mets with their fifth straight loss.

Felipe Alou's leadoff double triggered a two-run Brave rally in the first but the Mets bounced back to tie, knocking out starter Jim Britton. Then Upshaw slammed the door on them and Atlanta pushed a pair of runs across in the second, taking the lead for keeps.

Exhibitions Under Way

Oilers Top Redskins; Rams Edge New Orleans

By ED SCHUYLER Jr.
Associated Press Sports Writer

It looks like it might be Dome, sweet Dome, for the Houston Oilers.

The American Football League club played in the Astrodome for the first time Thursday night and beat the Washington Redskins of the National Football League 9-3 in an exhibition season opener.

In an exhibition between two NFL clubs, the Los Angeles Rams rallied in the second half and upended the New Orleans Saints 21-17.

The only game on tap tonight pits the Green Bay Packers against the College All-Stars in the annual charity bash in Chicago's Soldier Field.

The Oilers were supposed to play in the Dome when it opened in 1965, but a dispute arose over lease terms and it was not settled until last winter.

This season they will play three more exhibitions and all of their seven league home games there.

A crowd of 41,865—the Oilers averaged 27,500 for seven homes games last season in Rice Stadium—saw Houston strike first on a nineyard touchdown pass from veteran quarterback Pete Beathard to rookie Mack Haik.

The conversion attempt was missed. In intraleague exhibition games this year, a team scoring a touchdown cannot kick the extra point but must try for the conversion by running or passing.

Washington, guided by rookie Harry Theofiledes and veteran Jim Ninowski, got into Houston territory only three times, and each time Charlie Gogolak tried fields goals. He made good on only the second, a 35-yarder just before the end of the first half. The other two were blocked.

John Wittenborn booted a 27-year field goal for the Oilers in the third quarter.

Before a crowd of 29,505 in Anaheim Stadium, quarterback Roman Gabriel threw two touchdown passes and scored a third in Los Angeles' victory over New Orleans.

Bill Kilmer's pair of TD passes gave the Saints a 14-7 halftime lead and New Orleans went ahead 17-7 in the third quarter on Charlie Durkee's 36-yard field goal.

The Rams launched their comeback and cut the deficit to 17-10 later in the period on Gabriel's 29-yard aerial to Billy Truax. Los Angeles went in front for good in the final stanza when Bernie Casey caught Gabriel's 10-yard scoring toss.

Steelers Get Tom Mitrakos From 49ers

LATROBE, Pa. (AP) — The Pittsburgh Steelers have traded a future National Football League draft choice to San Francisco for rookie center Tom Mitrakos.

Mitrakos, from Pitt, was the 49ers 13th draft choice last year.

Coach Bill Austin said that tackle Dick Arndt, linebacker Ray May and safety Bobby Morgan would move into starting defensive spot for Saturday night's intra - squad game at Jeannette. They replace Ken Kortas, Bill Saul and Paul Martha, all injured in a scrimmage Wednesday.

After 3rd Straight

Packers, Under Bengtson, Face All-Stars Tonight

CHICAGO (AP) — A bevy of ex-collegians, all aspiring for pro jobs, will learn the facts of play-for-pay football life against the Green Bay Packers in the 35th All-Star Game at Soldier Field tonight.

The 50-man collegiate squad, directed for the first time by Norm Van Brocklin, former Minnesota Viking coach, rates a three-touchdown underdog trying to avert a third straight trimming by the National Football League champion Packers.

A crowd of 60,000 is expeced for the clash which starts at 9:30 p.m., EDT, and will be telecast nationally via ABC.

The Collegians trail 23-9-2 in the series launched in 1934 by the Chicago Tribune Charities, Inc. They have beaten the pros only twice in the last 10 years, their latest victory a 20-17 shading of the Packers in 1963.

Like Van Brocklin, former NFL star quarterback for the Los Angeles Rams and Philadelphia Eagles, new Packer Coach Phil Bengtson will make his All-Star Game debut.

Bengtson, successor to retired Vince Lombardi, obviously has a lot more going for him than Van Brocklin, who has had only three weeks to prepare his youthful charges for the test against the tough, slick and talented Packers.

The Pack, priming for its fourth straight rule of the professional roost, shut out the All-Stars in the last two games, 27-0 last year and 38-0 in 1966.

Best chance for an upset rests mainly on the passing skills of All-Star quarterbacks, Gary Beban, Heisman Trophy winner from UCLA, and surprising Greg Landry of Massachusetts.

Beban, particularly, is the scrambling type quarterback—like Fran Tarkenton, former Viking star—who most annoys the Packers.

Willie Davis, Green Bay's bruising defensive end, pointed out: "A study of our history will show we often have had trouble with unorthodox quarterbacks."

"Beban can move around and throw the ball. So we've got to be conscious of which quarterback is in there, that's for sure."

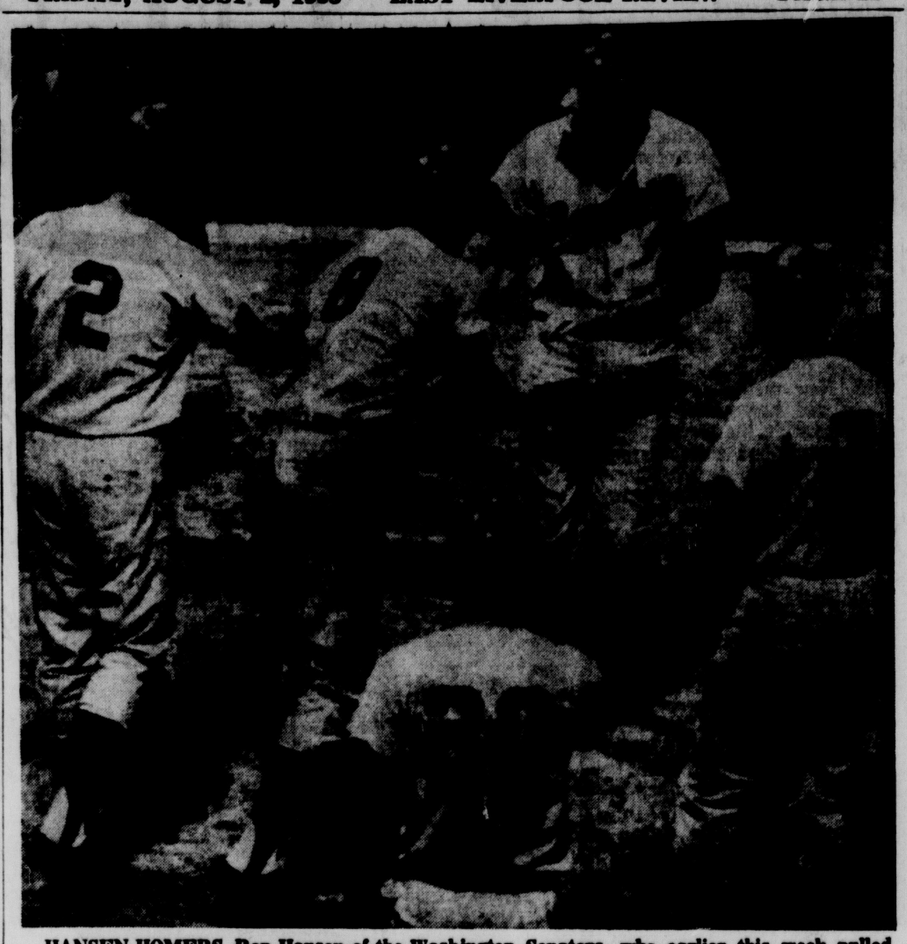
Van Brocklin is trying an All-Star innovation, sending in each play, with his receivers, a strong collegiate department, serving as messenger boys.

Forfeits Plague Midland Basketball

Two forfeits were registered in the Midland senior division playground basketball league Wednesday night.

Team 4 won when team 1 didn't show and team 3 won when team 6 didn't show. Team 3, John L. Williams, lost an exhibition game to the Daryl Jones team of Beaver Falls, 46-42.

Teams 5 and 6 in the league represent East Liverpool players, but David Needs, who took over as playground director from Larry Bender, does not know who is on these teams. They have not yet showed up for a game and Needs wishes a representative of the teams would contact him.



HANSEN HOMERS. Ron Hansen of the Washington Senators, who earlier this week pulled off an unassisted triple play, hit a grand slam homer last night to lead the Senators over the Tigers 9-3 at Detroit. Greeting Hansen are baserunners Ken McMullen (2), Paul Casanova (8) and Bernie Allen (7), and on-deck batter Joe Coleman (20). Allen later hit a two-run homer. (UPI Telephoto)

Hansen Hits Grand Slam, Senators Whip Tigers

By MIKE RECHT
Associated Press Sports Writer

Ron Hansen is at his best with men on base—no matter whose men.

Only thrte days ago, the lanky shortstop was in the field with two runners on base, and turned a line drive into only the eighth unassisted triple play in major league history.

Then, with three of his teammates on base Thursday night, he came to bat and proved the point, belting a grand slam home run that sparked the Senators in a 9-3 rout over the Detroit Tigers.

"The home run was a real thrill," he said, "but the triple play was by far a bigger thrill."

The Tigers were not around for the triple play, and the homer certainly didn't excite them as they had a game sliced off their American League lead. Baltimore pulled within six games by beating third-place Cleveland 5-1 as Dave McNally outdueled Luis Tiant.

Stan Bahnsen hurled a three-hitter and the New York Yankees edged Boston 1-0 in the other night game, and Minnesota 4-1 in an afternoon contest. California and Oakland were idle.

Hansen, a 30-year-old veteran in his ninth major league season, has always been a good hitter with men on base for a guy who has never hit more than .261 in the majors. He has driven in between 51 and 86 runs in each of the five seasons he has played regularly.

His homer in the fourth inning against the Tigers was his eighth of the season and 97th of his career, but his first slam. It put the Senators safely ahead 6-1 after Mike Epstein belted his eighth with a man on in the first inning off Pat Dobson, 3-3. Bernie Allen later couted a two-run shot, his fourth.

The show of power made it easy for Joe Coleman, who scattered eight hits, including a homer by Norm Cash, to raise his record to 7-12 and end Detroit's winning streak at three.

Baltimore took advantage by scoring four runs in the ninth inning, the first two on Elrod Hendricks' single, off Tiant, 17-7, who entered the ninth with a four-hitter, one of them Curt Blefary's ninth homer.

Bahnsen struck out 12 in winning his duel against Bob Morehead, 0-1, who yielded only five hits. Tom Tresh scored the run in the seventh inning when he beat cut a bunt, stole second and came around on Bill Robinson's hit.

Bob Allison homered and singled for two Minnesota runs against the White Sox and Jack Fisher. The single drove in one of three runs.

Jim Perry, 8-6, blanked the Sox on four hits until the eighth and left in the ninth with two out when he apparently pulled a muscle in his side.

Bengals Meet Chiefs In Exhibition Saturday

CINCINNATI (AP) — Professional football — on a regular basis — returns to Cincinnati Saturday night as one of the sport's most famous coaches, Paul Brown, starts a personal comeback by sending a team into action again.

Brown's Bengals, newest club in the American Football League, meet the Kansas City Chiefs in the opener of the Bengals' five-game exhibition schedule.

A near capacity (30,000) crowd is expected.

It has been more than a quarter of a century since Cincinnati had a regular pro football team, although there have been some exhibition games played here involving out-of-town teams.

Brown's name is synonomous with success in football, but he has warned Cincinnatians not to expect too much from his team that is loaded with rookies and players cut loose from other AFL teams in the expansion draft.

Brown's career coaching record, from the high school level through the fabulous years with the Cleveland Browns of the National Football League, stands at 296-75-15. He left the Browns after the 1962 season.

The Bengals will play their home games in the University of Cincinnati's Nippert Stadium until the new riverfront stadium is ready, hopefully in 1970.

Going into the opening exhibition game, Brown's starting offensive lineup will be made up of six rookies and five players obtained from other clubs in the expansion draft.

The Bengals' defensive unit looks like this:

Front four: Willie Lee Jones, Bill Kinricks, Andy Rice and Jim Griffin; linebackers Al Beauchamp, Sherrill Headrick and Frank Buncom; backs Fletcher Smith, Charlie King, White Graves and Bobby Hunt.

Stargell Returns, Homers; Pirates Defeat Reds 6-1

★ ★ ★ ★ ★ ★

Sisk Gets Win

CINCINNATI (AP) — Outfielder Willie Stargell returned to the Pittsburgh lineup Thursday night and rapped Cincinnati for a three-run homer, watching the Reds slide down a notch from second-place in the National League.

"The big guy stepped into that ball and knocked it over the lights," said Pirate Manager Larry Shepard after Stargell unloaded his 19th homer in the fourth—a large factor in Pittsburgh's 6-1 victory.

"With Stargell back in the lineup, this is the first time I think in three months we've had all our regulars in the game at one time," Shepard said.

Stargell suffered a neck injury and cut lip last month in Pittsburgh when he ran into the scoreboard on a fielding attempt. In four other trips to the plate Thursday night, he walked three times and flied out.

Matty Alou picked up three singles in five times at bat to move farther ahead of the Reds' Pete Rose in their race for the league's batting crown. Rose stayed at .331 on one hit, a double, while Alou moved from .334 to .338.

Pirate starter Tommie Sisk picked up his fifth victory in eight decisions, getting relief help in the ninth from Roy Face.

Reds starter Jim Maloney, now 9-7, allowed the Pirates six runs and four of their seven hits—on 98 pitches during his 4 1-3 innings.

"That' all right," said Cincinnati Manager Dave Bristol. "Anyone who throws the ball hard makes a lot of pitches. We just got beat, that's all."

The Reds may have been their worst enemy as they took their second straight loss from the Pirates, who capitalized on three errors by Cincinnati.

Maury Wills opened the Pirates scoring in the first after he walked, stole second, moved to third on Johnny Bench's throwing error—and scored on a fielding error by Vada Pinson.

Then Stargell slammed his homer for a 4-0 score after Alou got on with a single and Roberto Clemente was safe on Tommy Helms' fielding error.

Pittsburgh scored again in the fifth, knocking Maloney for a pair of singles and two straight walks. Gene Alley's sacrifice fly off reliefer Bob Lee accounted for Pittsburgh's sixth tally.

Pinson homered with the bases empty in the sixth for Cincinnati.

Baseball, despite indications of losing popularity to football, will fly in the face of the grid sport next season.

The 162-game schedule, which will start earlier than ever, April 5, will not end until Oct. 2. The best three out of five divisional playoffs will start on Oct. 4, a Saturday, and the World Series will start the following Saturday, Oct. 11. A seven-game series, even with no games called off by bad weather, wouldn't end until Oct. 20, when football season is half over. Maybe this is retaliation for football's continued earlier starts, midway in the baseball season.

THE PHOENIX SUNS, one of the new entries in the National Basketball Association, will do well at the gate if the team's owners perform during halftime. The club is owned by singers Ed Ames, Andy Williams and Bobbie ("Ode To Billy Joe") Gentry, orchestra leader Henry Mancini and actor Tony Curtis.

JIM QUINN, assistant basketball coach at East Liverpool High last year, received a draft deferment due to his continuing his studies, and expects to again help Clint McConnell this winter. East Liverpool still needs a replacement for Frank Melchiorre, the reserve coach who has taken the head job at St. Clairsville.

Midland also is searching for an assistant basketball coach, as Larry Bender has taken a position in industry and will not teach this year. Bender also served as head golf coach at Midland.

MARV SIX and Tom Thayer, both 1966 Oak Glenn graduates from New Cumberland, are listed 1-2 at the right linebacker position on the West Virginia U. football team "three-deep" chart.

ROCKY COLAVITO, who has played for 14 different big league managers, tabs Jimmy Dykes as the best of the lot.

JIM TAUCHER and Kip Reeves of East Palestine will attend Mt. Union College this fall on football scholarships. Both players are ends. Taucher was honorable mention all-state and played basketball and set a county record in the pole vault.

Hurls 3-Hitter

Marichal Wins 20th, Beats Dodgers, Drysdale

By HAL BOCK
Associated Press Sports Writer

If relief pitchers had to depend on Juan Marichal to build their reputations, they'd be in a lot of trouble.

Marichal, who became the National League's first 20-game winner with a three-hitter as San Francisco blanked Los Angeles 2-0 Thursday night, believes in finishing what he starts.

The Dominican Dandy bested Dodger ace Don Drysdale for his 16th consecutive complete game and fifth straight victory. Marichal has gont the distance in 96 of his last 97 victories.

In other National League action, Atlanta topped New York 4-2, Chicago tripped Houston 4-1, St. Louis nipped Philadelphia 2-1 in a game ended by rain after seven innings, and Pittsburgh rapped Cincinnati 6-1.

The bullpen had its usual quiet evening while Marichal mowed down the Dodgers. It was the Giant ace's seventh straight victory in head-to-head showdowns with Drysdale.

Marichal, 20-4, is six days ahead of the pace set by Dizzy Dean who won 30 games in 1934—the last pitcher to do it. Dean didn't notch No. 20 until Aug. 7. Detroit's Denny McLain, 21-3, is the only other 20-game winner in the majors at the moment.

Jim Davenport singled San Francisco's first run across in the fourth and hot-hitting Dick Dietz cracked a homer in the sixth. It was Dietz' sixth hit in eight at bats.

The rampaging Cardinals extended their first-place lead to 15 games with Steve Carlton's seven-inning two-hitter beating Philadelphia.

It was the fourth straight complete game victory for the St. Louis pitching staff. Roger Maris stroked a single and double and had a hand in both Cardinal runs.

Maris doubled Lou Brock home in the third and singles by Curt Flood and Maris followed by Orlando Cepeda's double play grounder broke a 1-1 tie in the sixth. Johnny Callison homered for the Phillies.

Willie Stargell hammered a three-run homer that carried the Pirates past Cincinnati. Stargell connected against Jim Maloney in the fourth inning after Matty Alou's single and an error by Tommy Helms had put Pittsburgh in business. Errors by Johnny Bench and Vada Pinson helped the Pirates to a run without a hit in the first and Maloney forced in another with a bases-loaded walk.

Phil Regan chalked up his 14th save of the season and Don Kessinger rapped three hits and had a hand in three scoring rallies as the Cubs tripped Houston.

Kessinger tripled and scored on Ron Santo's first-inning single. The same combinaton clicked again in the seventh with singles by Kessinger and Santo sandwiched around a sacrifice producing another run. Jim Hickman doubled and Kessinger singled him home in the eighth.

Regan came out of the bullpen in the eighth and protected Joe Niekro's fifth straight victory and his 11th of the season. Randy Hundley homered for the Cubs.

Atlanta's Cecil Upshaw came on with two runs in and none out in the first inning and shut New York out with nine innings of four-hit relief as the Braves tagged the Mets with their fifth straight loss.

Felipe Alou's leadoff double triggered a two-run Brave rally in the first but the Mets bounced back to tie, knocking out starter Jim Britton. Then Upshaw slammed the door on them and Atlanta pushed a pair of runs across in the second, taking the lead for keeps.

Exhibitions Under Way

Oilers Top Redskins; Rams Edge New Orleans

By ED SCHUYLER Jr.
Associated Press Sports Writer

It looks like it might be Dome, sweet Dome, for the Houston Oilers.

The American Football League club played in the Astrodome for the first time Thursday night and beat the Washington Redskins of the National Football League 9-3 in an exhibition season opener.

In an exhibition between two NFL clubs, the Los Angeles Rams rallied in the second half and upended the New Orleans Saints 21-17.

The only game on tap tonight pits the Green Bay Packers against the College All-Stars in the annual charity bash in Chicago's Soldier Field.

The Oilers were supposed to play in the Dome when it opened in 1965, but a dispute arose over lease terms and it was not settled until last winter.

This season they will play three more exhibitions and all of their seven league home games there.

A crowd of 41,865—the Oilers averaged 27,500 for seven homes games last season in Rice Stadium—saw Houston strike first on a nineyard touchdown pass from veteran quarterback Pete Beathard to rookie Mack Haik.

The conversion attempt was missed. In intraleague exhibition games this year, a team scoring a touchdown cannot kick the extra point but must try for the conversion by running or passing.

Washington, guided by rookie Harry Theofiledes and veteran Jim Ninowski, got into Houston territory only three times, and each time Charlie Gogolak tried fields goals. He made good on only the second, a 35-yarder just before the end of the first half. The other two were blocked.

John Wittenborn booted a 27-year field goal for the Oilers in the third quarter.

Before a crowd of 29,505 in Anaheim Stadium, quarterback Roman Gabriel threw two touchdown passes and scored a third in Los Angeles' victory over New Orleans.

Bill Kilmer's pair of TD passes gave the Saints a 14-7 halftime lead and New Orleans went ahead 17-7 in the third quarter on Charlie Durkee's 36-yard field goal.

The Rams launched their comeback and cut the deficit to 17-10 later in the period on Gabriel's 29-yard aerial to Billy Truax. Los Angeles went in front for good in the final stanza when Bernie Casey caught Gabriel's 10-yard scoring toss.

Steelers Get Tom Mitrakos From 49ers

LATROBE, Pa. (AP) — The Pittsburgh Steelers have traded a future National Football League draft choice to San Francisco for rookie center Tom Mitrakos.

Mitrakos, from Pitt, was the 49ers 13th draft choice last year.

Coach Bill Austin said that tackle Dick Arndt, linebacker Ray May and safety Bobby Morgan would move into starting defensive spot for Saturday night's intra - squad game at Jeannette. They replace Ken Kortas, Bill Saul and Paul Martha, all injured in a scrimmage Wednesday.

After 3rd Straight

Packers, Under Bengtson, Face All-Stars Tonight

CHICAGO (AP) — A bevy of ex-collegians, all aspiring for pro jobs, will learn the facts of play-for-pay football life against the Green Bay Packers in the 35th All-Star Game at Soldier Field tonight.

The 50-man collegiate squad, directed for the first time by Norm Van Brocklin, former Minnesota Viking coach, rates a three-touchdown underdog trying to avert a third straight trimming by the National Football League champion Packers.

A crowd of 60,000 is expeced for the ciash which starts at 9:30 p.m., EDT, and will be telecast nationally via ABC.

The Collegians trail 23-9-2 in the series launched in 1934 by the Chicago Tribune Charities, Inc. They have beaten the pros only twice in the last 10 years, their latest victory a 20-17 shading of the Packers in 1963.

Like Van Brocklin, former NFL star quarterback for the Los Angeles Rams and Philadelphia Eagles, new Packer Coach Phil Bengtson will make his All-Star Game debut.

Bengtson, successor to retired Vince Lombardi, obviously has a lot more going for him than Van Brocklin, who has had only three weeks to prepare his youthful charges for the test against the tough, slick and talented Packers.

The Pack, priming for its fourth straight rule of the professional roost, shut out the All-Stars in the last two games, 27-0 last year and 38-0 in 1966.

Best chance for an upset rests mainly on the passing skills of All-Star quarterbacks, Gary Beban, Heisman Trophy winner from UCLA, and surprising Greg Landry of Massachusetts.

Beban, particularly, is the scrambling type quarterback—like Fran Tarkenton, former Viking star—who most annoys the Packers.

Willie Davis, Green Bay's bruising defensive end, pointed out: "A study of our history will show we often have had trouble with unorthodox quarterbacks."

"Beban can move around and throw the ball. So we've got to be conscious of which quarterback is in there, that's for sure."

Van Brocklin is trying an All-Star innovation, sending in each play, with his receivers, a strong collegiate department, serving as messenger boys.

Forfeits Plague Midland Basketball

Two forfeits were registered in the Midland senior division playground basketball league Wednesday night.

Team 4 won when team 1 didn't show and team 3 won when team 6 didn't show. Team 3, John L. Williams, lost an exhibition game to the Daryl Jones team of Beaver Falls, 46-42.

Teams 5 and 6 in the league represent East Liverpool players, but David Needs, who took over as playground director from Larry Bender, does not know who is on these teams. They have not yet showed up for a game and Needs wishes a representative of the teams would contact him.

HANSEN HOMERS. Ron Hansen of the Washington Senators, who earlier this week pulled off an unassisted triple play, hit a grand slam homer last night to lead the Senators over the Tigers 9-3 at Detroit. Greeting Hansen are baserunners Ken McMullen (2), Paul Casanova (8) and Bernie Allen (7), and on-deck batter Joe Coleman (20). Allen later hit a two-run homer. (UPI Telephoto)

Hansen Hits Grand Slam, Senators Whip Tigers

By MIKE RECHT
Associated Press Sports Writer

Ron Hansen is at his best with men on base—no matter whose men.

Only thrte days ago, the lanky shortstop was in the field with two runners on base, and turned a line drive into only the eighth unassisted triple play in major league history.

Then, with three of his teammates on base Thursday night, he came to bat and proved the point, belting a grand slam home run that sparked the Senators in a 9-3 rout over the Detroit Tigers.

"The home run was a real thrill," he said, "but the triple play was by far a bigger thrill."

The Tigers were not around for the triple play, and the homer certainly didn't excite them as they had a game sliced off their American League lead. Baltimore pulled within six games by beating third-place Cleveland 5-1 as Dave McNally outdueled Luis Tiant.

Stan Bahnsen hurled a three-hitter and the New York Yankees edged Boston 1-0 in the other night game, and Minnesota 4-1 in an afternoon contest. California and Oakland were idle.

Hansen, a 30-year-old veteran in his ninth major league season, has always been a good hitter with men on base for a guy who has never hit more than .261 in the majors. He has driven in between 51 and 86 runs in each of the five seasons he has played regularly.

His homer in the fourth inning against the Tigers was his eighth of the season and 97th of his career, but his first slam. It put the Senators safely ahead 6-1 after Mike Epstein belted his eighth with a man on in the first inning off Pat Dobson, 3-3. Bernie Allen later couted a two-run shot, his fourth.

The show of power made it easy for Joe Coleman, who scattered eight hits, including a homer by Norm Cash, to raise his record to 7-12 and end Detroit's winning streak at three.

Baltimore took advantage by scoring four runs in the ninth inning, the first two on Elrod Hendricks' single, off Tiant, 17-7, who entered the ninth with a four-hitter, one of them Curt Blefary's ninth homer.

Hutton, Debbie Meyer Set World Swim Marks

LINCOLN, Neb. (AP) — Canadian Ralph Hutton surprised even himself, and Debbie Meyer of Sacramento, Calif., was right on schedule as they started the expected parade of world records at the 18th National AAU Outdoor Swimming and Diving Championships Thursday night.

They shattered the men's and women's world marks in the 400-meter freestyle by sizable margins.

Karin Muir of South Africa broke her meet record in the 200 backstroke at 2:24.3, but missed her world mark of 2:23.8.

Santa Clara's Mark Spitz, succeeding teammate Don Schollander as king of the world's male swimmers, could push Schollander to a world record tonight in the men's 200 freestyle, renewing a friendly but fierce rivalry. Schollander's world mark is 1:55.7.

World marks are possible in all six events tonight, with the record holder on hand in five of them..

The 15-year-old Miss Meyer was aiming for 4:25 and almost made it with 4:26.7, 2.3 seconds under her old world mark.

Hutton competed for Canada in the 1964 Olympics, finishing seventh in the 200 backstroke, but never concentrated on the 400 free until this spring. He improved rapidly to a best of 4:11.9 last month.

He produced an amazing 4:06.5 in the finals here, edging UCLA's Mike Burton, who had 4:06.6. Both were well under the five-week-old pending world record of 4:07.7 by Spitz, who passed up the 400 for the 100 butterfly.

Forward Pass After Horse Of Year Honors

By ED SCHUYLER Jr.
Associated Press Sports Writer

Forward Pass, retirement on his side is set to resume Saturday his bid for the 1968 3-year-old championship.

The Calumet Farm colt will face five rivals in the $100,000-added American Derby at Arlington Park in his first start since finishing second to Stage Door Johnny in the Belmont Stakes.

Before the Belmont, Dancer's Image, Forward Pass' main rival at the time, was retired to stud because of a bad ankle.

Then last Tuesday, Stage Door Johnny, who won the Saranac and the Withers after his Belmont victory, was retired from racing because of a bowed tendon in his left foreleg.

This leaves Forward Pass, the controversial Kentucky Derby winner and the clearcut Preakness victor, in the driver's seat among the 3-year-old colts.

Those who will be trying to make that seat uncomfortable Saturday include W.R. "Fritz" Hawn's Poleax who at 120 pounds will be carrying three less than the top-weighted Forward Pass over the 1⅛ miles; Michael G. Phipp's Bold Favorite, 116; Verna Lea Farm's Nodouble, 116; Mr. and Mrs. R.F. Bensinger's Good Ivestment, 114. and Brunswick Farm' Te Vega, 114.

Three-year-olds also will be contesting the $75,000, 1⅛-mile Monmouth Invitation Handicap. Ruler will be seeking his first major stakes triumph of the year and Wheatley Stable's one-eyed Funny Fellow will be trying to keep trainer Eddie Neloy's hot streak alive at Monmouth Park.

Fillies and mares will go after some big money in the $100,000-added Delaware Handicap at 1¼ miles at Delaware Park, with the late developing Plucky Pan the likely favorite.

Nicklaus Putting Well, Leads Western Open Golf

CHICAGO (AP) — When a golf pro has putting woes it is a nagging mental thing that makes him try just about anything to regain that indefinable touch on the greens.

That's the Jack Nicklaus story of the day.

The Big Bear, who hasn't won a tournament since the Sahara Invitational last October, shot a six-under-par 65 Thursday to take a two-stroke, first-round lead in the chase for the $26,000 top prize of the Western Open.

The 65 matched the course record set by the late Lawson Little in 1940.

Since winning the U.S. Open last year at Baltusrol with a record 275, Nicklaus has been going steady with a putter called White Fang because of the color of the blade.

"I haven't been doing so well with it so for this tournament I decided to get out my old Lowe putter that I used in winning the 1966 British Open," he said.

"Since I decided to use it, I also decided to go back to my old putting stance, into more of a crouch," he said.

"Well, I want to tell you. On the first hole Thursday, when I sank a 30-foot putt for a birdie, I got to wondering as I walked down the second fairway when the last time was that I had dropped a 30-footer. And I just couldn't think back that far."

Nicklaus had 30 putts including six one-putt greens.

Two strokes behind Nicklaus entering today's second round were Terry Dill, seeking his first victory since turning pro in 1962, and Miller Barber, winner of this year's Nelson Classic.

Barber fired a 30-37—67. "That 30 on the front side was the greatest nine holes I ever played," he said.

It included five birdie putts ranging from one foot to 12 feet.

Larry Hinson, 23, a graduate from the PGA improved player school at Palm Beach Gardens, Fla., last April, posted a 68. He was among 24 players who have to qualify for the Western in trials Monday.

Grouped at 69 were Pete Brown, Jay Hebert, Billy Maxwell, Homero Blancas and Bob Verwey. In all, 27 players broke par in the field of 150 which will be trimmed after 36 holes to those within 10 strokes of the lead.

Tom Weiskopf, the leading money winner, was in the 70 bracket along with such players as PGA champion Julius Boros, Tony Jacklin and George Archer.

Lee Trevino, the U.S. Open champion, had a 72 with an eight on the par four second hole. Arnold Palmer was buried at 75 after a pair of double bogeys.

Jockey Wagner Breaks Collarbone

John Wagner, the jockey who suffered a broken neck at Wheeling Downs last winter, apparently broke his collarbone in a training mishap at Waterford Park Thursday.

Wagner was galloping a horse around the track when it fell entering the stretch, throwing Wagner to the ground. Wagner landed on his head, but was saved from serious injury when his riding helmet absorbed most of the shock.

Glenmoor Rams Schedule Practice

The Glenmoor Rams of the Bill Booth football little league will practice tomorrow at 1 p.m. at the Glenmoor Schoo. Martin Christen is the coach.

Marichal Doesn't See 30-Win Year

LOS ANGELES (AP) — Juan Marichal is a tired man. He's tired of hearing about his chances for pitching his way to 30 victories this season—and he's tired of pitching.

The San Francisco Giants' ace right-hander spent Thursday night lifting his record to a brilliant 20-4, tossing a solid three-hitter to beat the Los Angeles Dodgers, 2-0.

Minutes later he was thinking ahead and discounting his chances of becoming the first major league hurler since 1934 to win 30 games.

"It's gonna be a miracle if I win 30," Marichal said after gaining his fifth victory in a row. "Thirty looks like a long way off. I'm taking them one at a time. Right now my goal is 21.

"It'll be hard to win 30 because I'm getting tired," he said, "especially on the road, where it's so hot.

Marichal now is six days ahead of the pace Dizzy Dean set 34 years ago when he became the last big league hurler to notch 30 victories. Dean won his 20th on Aug. 7.

Grid Drills May Start August 16

COLUMBUS, Ohio (AP)—The Ohio High School Athletic Association says some high schools are confused about when they can start football practice this month.

A spokesman said there are two practice starting dates this year — one on Friday, Aug. 16 for senior high schools and the other on Monday, Aug. 26 for junior high schools and freshman teams.

A four-year high school that has a separate freshman football program cannot have its freshmen start practice until Aug. 26.

A four-year high school that does not have a freshman football program may begin workouts on Aug. 16.

Pasarell Edges Scott In Eastern Grass Net

SOUTH ORANGE, N.J. (AP) — Gene Scott was bored — so bored it cost him a chance to upset second-seeded Chuck Pasarell in the quarter-finals of the Eastern Grass Court Tennis Championships.

Scott and Pasarell exchanged cannonball serve for cannonball serve over 36 games Thursday with only two service breaks. Pasarell, of Santurce, P.R., got them both for a 7-5, 13-11 win.

The way Scott explained it afterward, it was a matter of letting his mind wander away from the match, particularly during the second set, when most of the games were decided by a service point or a quick volley.

"Concentration is a little tougher in a match like that," Scott said. "You find yourself loosing your edge."

In the other men's quarterfinal, Bob Hewitt, the former Australian Davis Cupper now playing out of South Africa, crushed Bob Lutz of Los Angeles 6-3, 6-2.

In women's play, Helen Gourlay, the seventh-ranked Australian, upset second-seeded Vicki Rogers of Rye, N.Y., 6-4, 6-3, and fourth-seeded Kristy Pigeon of Danville, Calif., defeated Tory Ann Fretz of Sherman Oaks, Calif., 4-6, 6-1, 7-5.

In doubles, the top-seeded team of Pasarell and Clark Graebner of New York disposed of Lenny Schloss of Baltimore and Tom Mozur of Sweetwater, Tenn., 11-9, 7-5.

In women's doubles, Miss Fretz and Miss Rogers defeated Miss Pigeon and Cecily Martinez of San Francisco 6-4, 6-3.

Shellenback Pitches Well For Columbus

By The Associated Press

Doctors told Jim Shellenback he would never pitch again when he was badly hurt in an automobile accident last year—but they didn't take into account the determination of the Columbus left-hander.

Shellenback, one of the top throwers for the International League Jets for several years, took a while to regain his old form. He didn't make an appearance until June 16 — then lost his first five decisions.

Now, though, he's won three of his last four games. Shellenback's recovery was illustrated Thursday night when he pitched his finest game of the season in the Jets' 4-1 victory over Buffalo. The southpaw yielded only three hits and struck out nine.

Toledo's Mud Hens stayed 5½ games ahead of Columbus, however, by continuing their rampage in a 5-1 triumph at Louisville. In the only other game, Syracuse whipped Jacksonville 7-3.

Right-hander Mike Marshall did a masterful job in scattering 11 Louisville hits as Toledo won its eighth straight. Arlo Brunsberg homered for the Hens.

Colt League Teams To Be Dance Guests

The East Liverpool Jaycees will hold a dance tonight at 8:30 at Lake Marwin for members of the Colt League teams participating in the tournament here.

Dick Frankel will be the disc jockey. Frankel and Tom Archer are co-chairmen of the project.

Al Salerno Reports Yastrzemski

BOSTON (AP) — Carl Yastrzemski and umpire Al Salerno burst into a heated argument after a third strike call which ended Thursday night's 1-0 New York victory over Boston. The umpire says he is reporting the incident to American League President Joe Cronin for further action.

The slugging Red Sox outfielder argued briefly on the field, then the verbal battle really exploded under the stands as reported by Pat Horne in today's editions of the Boston Record American.

"I will positively file a report on him with Mr. Cronin, and it will be up to the president to take further action," Salerno said. "Since the game was completed there's nothing else I can do."

Hancock County Junior Football Schedules Set

Football schedules for Chester and Wells junior highs have been announced by John J. Kuzio of New Cumberland.

Chester will host Weir Sept. 19, Beaver Local Sept. 26 and New Cumberland Oct. 24, in addition to traveling to Newell to meet Wells Oct. 3. The JV (Seventh and eighth grade team) will play before all these games except Beaver Local, and will travel there Oct. 15. The Beaver Local games start at 4:45, the others at 4 p.m.

Wells is home to Weir Sept. 26, to Chester Oct. 3, and to Weirton Madonna Oct. 17. On Sept. 19 Wells travels to New Cumberland and on Oct. 24 to Beaver Local. The JV plays Beaver Local at Newell Oct. 31 and hosts Stanton Oct. 10, in addition to playing before all varsity games except Weirton Madonna and Beaver Local. The New Cumberland, Weir and Chester games start at 4, the others at 4:45.

Jimmy Sluss Rides 3 Winners

Jockey Jimmy Sluss scored a triple at Waterord Park Thursday night.

All three winers paid good prices, but the best came last when Sluss guided Hellenic Ace to an easy three-length triumph in the feature for a $22.80 prize.

Earlier, Sluss had won with McCray's Bird at $14.80 and Roman Navy at $12.40.

Hutton, Debbie Meyer Set World Swim Marks

LINCOLN, Neb. (AP) — Canadian Ralph Hutton surprised even himself, and Debbie Meyer of Sacramento, Calif., was right on schedule as they started the expected parade of world records at the 18th National AAU Outdoor Swimming and Diving Championships Thursday night.

They shattered the men's and women's world marks in the 400-meter freestyle by sizable margins.

Karin Muir of South Africa broke her meet record in the 200 backstroke at 2:24.3, but missed her world mark of 2:23.8.

Santa Clara's Mark Spitz, succeeding teammate Don Schollander as king of the world's male swimmers, could push Schollander to a world record tonight in the men's 200 freestyle, renewing a friendly but fierce rivalry. Schollander's world mark is 1:55.7.

World marks are possible in all six events tonight, with the record holder on hand in five of them..

The 15-year-old Miss Meyer was aiming for 4:25 and almost made it with 4:26.7, 2.3 seconds under her old world mark.

Hutton competed for Canada in the 1964 Olympics, finishing seventh in the 200 backstroke, but never concentrated on the 400 free until this spring. He improved rapidly to a best of 4:11.9 last month.

He produced an amazing 4:06.5 in the finals here, edging UCLA's Mike Burton, who had 4:06.6. Both were well under the five-week-old pending world record of 4:07.7 by Spitz, who passed up the 400 for the 100 butterfly.

Forward Pass After Horse Of Year Honors

By ED SCHUYLER Jr.
Associated Press Sports Writer

Forward Pass, retirement on his side is set to resume Saturday his bid for the 1968 3-year-old championship.

The Calumet Farm colt will face five rivals in the $100,000-added American Derby at Arlington Park in his first start since finishing second to Stage Door Johnny in the Belmont Stakes.

Before the Belmont, Dancer's Image, Forward Pass' main rival at the time, was retired to stud because of a bad ankle.

Then last Tuesday, Stage Door Johnny, who won the Sarnac and the Withers after his Belmont victory, was retired from racing because of a bowed tendon in his left foreleg.

This leaves Forward Pass, the controversial Kentucky Derby winner and the clearcut Preakness victor, in the driver's seat among the 3-year-old colts.

Those who will be trying to make that seat uncomfortable Saturday include W.R. "Fritz" Hawn's Poleax who at 120 pounds will be carrying three less than the top-weighted Forward Pass over the 1⅛ miles; Michael G. Phipp's Bold Favorite, 116; Verna Lea Farm's Nodouble, 116; Mr. and Mrs. R.F. Bensinger's Good Ivestment, 114, and Brunswick Farm' Te Vega, 114.

Three-year-olds also will be contesting the $75,000, 1⅛-mile Monmouth Invitation Handicap. Ruler will be seeking his first where Peter F. Kissell's Iron major stakes triumph of the year and Wheatley Stable's one-eyed Funny Fellow will be trying to keep trainer Eddie Neloy's hot streak alive at Monmouth Park.

Fillies and mares will go after some big money in the $100,000-added Delaware Handicap at 1¼ miles at Delaware Park, with the late developing Plucky Pan the likely favorite.

"Concentration is a little tougher in a match like that," Scott said. "You find yourself loosing your edge."

In the other men's quarterfinal, Bob Hewitt, the former Australian Davis Cupper now playing out of South Africa, crushed Bob Lutz of Los Angeles 6-3, 6-2.

In women's play, Helen Gourlay, the seventh-ranked Australian, upset second-seeded Vicki Rogers of Rye, N.Y., 6-4, 6-3, and fourth-seeded Kristy Pigeon of Danville, Calif., defeated Tory Ann Fretz of Sherman Oaks, Calif., 4-6, 6-1, 7-5.

In doubles, the top-seeded team of Pasarell and Clark Graebner of New York disposed of Lenny Schloss of Baltimore and Tom Mozur of Sweetwater, Tenn., 11-9, 7-5.

In women's doubles, Miss Fretz and Miss Rogers defeated Miss Pigeon and Cecily Martinez of San Francisco 6-4, 6-3.

Shellenback Pitches Well For Columbus

By The Associated Press

Doctors told Jim Shellenback he would never pitch again when he was badly hurt in an automobile accident last year—but they didn't take into account the determination of the Columbus left-hander.

Shellenback, one of the top throwers for the International League Jets for several years, took a while to regain his old form. He didn't make an appearance until June 16 — then lost his first five decisions.

Now, though, he's won three of his last four games. Shellenback's recovery was illustrated Thursday night when he pitched his finest game of the season in the Jets' 4-1 victory over Buffalo. The southpaw yielded only three hits and struck out nine.

Toledo's Mud Hens stayed 5½ games ahead of Columbus, however, by continuing their rampage in a 5-1 triumph at Louisville. In the only other game, Syracuse whipped Jacksonville 7-3.

Right-hander Mike Marshall did a masterful job in scattering 11 Louisville hits as Toledo won its eighth straight. Arlo Brunsberg homered for the Hens.

Colt League Teams To Be Dance Guests

The East Liverpool Jaycees will hold a dance tonight at 8:30 at Lake Marwin for members of the Colt League teams participating in the tournament here.

Dick Frankel will be the disc jockey. Frankel and Tom Archer are co-chairmen of the project.

Al Salerno Reports Yastrzemski

BOSTON (AP) — Carl Yastrzemski and umpire Al Salerno burst into a heated argument after a third strike call which ended Thursday night's 1-0 New York victory over Boston. The umpire says he is reporting the incident to American League President Joe Cronin for further action.

The slugging Red Sox outfielder argued briefly on the field, then the verbal battle really exploded under the stands as reported by Pat Horne in today's editions of the Boston Record American.

"I will positively file a report on him with Mr. Cronin, and it will be up to the president to take further action," Salerno said. "Since the game was completed there's nothing else I can do."

Hancock County Junior Football Schedules Set

Football schedules for Chester and Wells junior highs have been announced by John J. Kuzio of New Cumberland.

Chester will host Weir Sept. 19, Beaver Local Sept. 26 and New Cumberland Oct. 24, in addition to traveling to Newell to meet Wells Oct. 3. The JV (Seventh and eighth grade team) will play before all these games except Beaver Local, and will travel there Oct. 15. The Beaver Local games start at 4:45, the others at 4 p.m.

Wells is home to Weir Sept. 26, to Chester Oct. 3, and to Weirton Madonna Oct. 17. On Sept. 19 Wells travels to New Cumberland and on Oct. 24 to Beaver Local. The JV plays Beaver Local at Newell Oct. 31 and hosts Stanton Oct. 10, in addition to playing before all varsity games except Weirton Madonna and Beaver Local. The New Cumberland, Weir and Chester games start at 4, the others at 4:45.

Nicklaus Putting Well, Leads Western Open Golf

CHICAGO (AP) — When a golf pro has putting woes it is a nagging mental thing that makes him try just about anything to regain that indefinable touch on the greens.

That's the Jack Nicklaus story of the day.

The Big Bear, who hasn't won a tournament since the Sahara Invitational last October, shot a six-under-par 65 Thursday to take a two-stroke, first-round lead in the chase for the $26,000 top prize of the Western Open.

The 65 matched the course record set by the late Lawson Little in 1940.

Since winning the U.S. Open last year at Baltusrol with a record 275, Nicklaus has been going steady with a putter called White Fang because of the color of the blade.

"I haven't been doing so well with it so for this tournament I decided to get out my old Lowe putter that I used in winning the 1966 British Open," he said.

"Since I decided to use it, I also decided to go back to my old putting stance, into more of a crouch," he said.

"Well, I want to tell you. On the first hole Thursday, when I sank a 30-foot putt for a birdie, I got to wondering as I walked down the second fairway when the last time was that I had dropped a 30-footer. And I just couldn't think back that far."

Nicklaus had 30 putts including six one-putt greens.

Two strokes behind Nicklaus entering today's second round were Terry Dill, seeking his first victory since turning pro in 1962, and Miller Barber, winner of this year's Nelson Classic.

Barber fired a 30-37—67. "That 30 on the front side was the greatest nine holes I ever played," he said.

It included five birdie putts ranging from one foot to 12 feet.

Larry Hinson, 23, a graduate from the PGA improved player school at Palm Beach Gardens, Fla., last April, posted a 68. He was among 24 players who have to qualify for the Western in trials Monday.

Grouped at 69 were Pete Brown, Jay Hebert, Billy Maxwell, Homero Blancas and Bob Verwey. In all, 27 players broke par in the field of 150 which will be trimmed after 36 holes to those within 10 strokes of the lead.

Tom Weiskopf, the leading money winner, was in the 70 bracket along with such players as PGA champion Julius Boros, Tony Jacklin and George Archer.

Lee Trevino, the U.S. Open champion, had a 72 with an eight on the par four second hole. Arnold Palmer was buried at 75 after a pair of double bogeys.

Jimmy Sluss Rides 3 Winners

Jockey Jimmy Sluss scored a triple at Waterord Park Thursday night.

All three winers paid good prices, but the best came last when Sluss guided Hellenic Ace to an easy three-length triumph in the feature for a $22.80 prize.

Earlier, Sluss had won with McCray's Bird at $14.80 and Roman Navy at $12.40.

Jockey Wagner Breaks Collarbone

John Wagner, the jockey who suffered a broken neck at Wheeling Downs last winter, apparently broke his collarbone in a training mishap at Waterford Park Thursday.

Wagner was galloping a horse around the track when it fell entering the stretch, throwing Wagner to the ground. Wagner larded on his head, but was saved from serious injury when his riding helmet absorbed most of the shock.

Marichal Doesn't See 30-Win Year

LOS ANGELES (AP) — Juan Marichal is a tired man. He's tired of hearing about his chances for pitching his way to 30 victories this season—and he's tired of pitching.

The San Francisco Giants' ace right-hander spent Thursday night lifting his record to a brilliant 20-4, tossing a solid three-hitter to beat the Los Angeles Dodgers, 2-0.

Minutes later he was thinking ahead and discounting his chances of becoming the first major league hurler since 1934 to win 30 games.

"It's gonna be a miracle if I win 30," Marichal said after gaining his fifth victory in a row. "Thirty looks like a long way off. I'm taking them one at a time. Right now my goal is 21.

"It'll be hard to win 30 because I'm getting tired," he said, "especially on the road, where it's so hot.

Marichal now is six days ahead of the pace Dizzy Dean set 34 years ago when he became the last big league hurler to notch 30 victories. Dean won his 20th on Aug. 7.

Grid Drills May Start August 16

COLUMBUS, Ohio (AP)—The Ohio High School Athletic Association says some high schools are confused about when they can start football practice this month.

A spokesman said there are two practice starting dates this year — one on Friday, Aug. 16 for senior high schools and the other on Monday, Aug. 26 for junior high schools and freshman teams.

A four-year high school that has a separate freshman football program cannot have its freshmen start practice until Aug. 26.

A four-year high school that does not have a freshman football program may begin workouts on Aug. 16.

Out Of The Air

By HAL HUMPHREY

The 'New' Barbara Heller

At least one good reason for watching Dean Martin's summer show, "The Golddiggers," is comedienne-mimic Barbara Heller. Her sketches with Paul Lynde, plus her own bits, are a joy to watch.

Hal Humphrey

Barbara's last regular TV job was a couple of seasons ('63-65) as Christine Clam, the American Scene reporter on Jackie Gleason's show. Gleason kept promising to let her do more, but never got around to it. That was a shame because Barbara is one of the funniest talents around.

-:-

SINCE I'D talked with Barbara last she got married and separated ("We separate all the time") to and from a publicist named Chris O'Hara and has gained 22 pounds. She still tips the scales at only 118, but has rid herself of being labeled the only girl in the world with two backs (this was before Twiggy).

"Isn't it great?" she asks, pirouetting to show off her new figure. "It's pure gold, this 22 pounds. I don't know how it happened, but I've fooled that wiseacre who put my measurements in my biography as 21-21-21. Now they're 32-32-32."

Barbara has changed other ways, too. When I first met her she wore green nail polish, and told anyone who asked about it that what they were seeing was gangrene. The clothes she wore then gave one the impression she'd come from another planet. The other day she seemed quite normal in a blouse and skirt and gold nail polish.

-:-

"OH, I'M a different person. Haven't you noticed that I'm calmer now? I've gone from psychotic to neurotic, and I feel good. It used to be that when I'd catch a cold, I'd be dead. I prayed a lot in those days. Listen, it was no fun to say 'Hello' to someone and have them turn around and say, 'What was that?' because they couldn't see me," says Barbara.

The only thing she resents at the moment is being compared to Phyllis Diller.

"We're different types. Phyllis is the first stand-up comedienne to appear in a long while, and she's great and a hard worker. I don't do stand-up material, but impressions and satire. We're completely different," she says.

-:-

BARBARA HAS BEEN entertaining since she was 13 in her home town of Joplin, Mo., which she left for Hollywood after graduation from high school.

She became a tubing specialist at an aircraft factory, worked in a toy factory and finally wound up as a messenger girl at Warner Bros. studio, where she was fired because nobody ever could find her. She always was sneaking into the sets to watch the stars work.

Her first break into comedy came when Ben Blue hired her to work in a nightclub he operated some years ago in Santa Monica. Barbara became one of the stars in a local revue called "Vintage '60," which also played in New York. From there she did guest appearances on TV and worked other nightclubs, until her two seasons with Gleason.

-:-

NOW THAT she's finished taping all the "Golddiggers" shows, Barbara is putting together a new night club act called "Barbara Heller and the DeLovelies."

"It's wild. There are seven girls and myself: four of them are musicians and three sing. Remember Ina Ray Hutton and her band? Well, we're doing this thing about the '30s. It's our comeback (we've all been in the hospital the past 30 years). And the costuming and music is all authentic. I think you'll like it."

In the meantime, Barbara has signed to do three regular Dean Martin shows this coming season and hopes her new act will wind up in Las Vegas.

-:-

"I'D LIKE to do some funny commercials for TV, too. Of course, I've blown Metrecal now. They wouldn't take me, but maybe I could get the bra people interested.

"I haven't seen Katy Winters around lately, either. There might be an opening there. Don't forget, even though I've changed, I'm still America's Sweetheart," says Barbara, batting her eyelashes.

Police Make 111 Arrests In July

Police made a total of 111 arrests during July, according to the monthly activity report of the department compiled by Det. W. A. Devon.

Officers investigated 67 accidents in which 18 persons were injured. There were no fatalities. Two pedestrians were injured.

The arrests included two charged with driving while under the influence and another charged with being in physical control of a vehicle while under the influence.

Four stolen cars were reported and recovered. There were 11 missing person reports investigated, with four still active.

Officers investigated 26 breaking and enterings, 41 cases of theft and 32 cases of vandalism.

Twelve cars were towed away. There were 20 casualty reports filed and the department logged 841 radio transmissions.

Pittsburgh, Wheeling Steel Agree To Merge

PITTSBURGH (AP) — The Pittsburgh Steel Co. announced Thursday an agreement to merge with the Wheeling Steel Corp.

The companies, which have been closely allied for about a year, said the merger proposal is subject to approval by the boards of directors, lenders and shareholders of both firms.

The agreement, worked out by merger committees of the two firms, calls for the exchange of .59 of a share of Wheeling common stock for each share of Pittsburgh common.

Warning Issued On 'Jerry Cans' In Carrying Gas

Fire Chief Alfred Van Dyne today issued a warning against the dispensing and handling of gasoline and similar fuels in plastic containers commonly known as a "Jerry Can."

He pointed out that such fuels may be dispensed or handled only in metal cans under Ohio law.

The "Flammable and Combustible Liquids Code" for Ohio states: "No delivery of any Class I liquids shall be made into portable containers unless the container is constructed of metal or is approved by the authority having jurisdiction, has a tight closure with screwed or spring cover, and is fitted with a spout or so designed that the contents can be poured without spilling". These metal containers also should be labeled with their contents.

There have been numerous reports of persons using plastic jugs or "Jerry Cans" for gasoline for lawn mowers, boat motors, camp stoves, etc., Van Dyne said. These are not approved for flammable liquids because they become very soft when warm and very brittle when cold, he pointed out.

Van Dyne said a "Jerry Can" was left at a marina recently to be filled for pick-up later in the morning. It was a hot day, and when the man returned, the sun had heated the plastic and the expanding gasoline had ballooned the container to almost twice its original size, with none of its original shape. Neither the owner of the jug nor the operator of the marina wanted to risk trying to lift the jug by its handle, so it was finally scooped into a shovel and moved into the shade to cool before the gas was poured into a metal can.

Violators may be prosecuted under the Ohio statutes, whether they purchase gasoline in such containers or dispense them for others, the chief cautioned.

Three More Ohioans Killed In Viet War

WASHINGTON (AP)— Army Pfc. Paul Black Jr. of Cincinnati and Marine Cpl. John P. Delaney III of Columbus have been killed in action in Vietnam, the Defense Department reported Thursday.

Marine Pfc. George E. Beale of Cincinnati was listed as dead as a result of hostile action.

ANN LANDERS

Doctor Bill From Cousin

Dear Ann Landers: Several days ago I awakened at about 2 a.m. with a headache. I went to the bathroom to get an aspirin and fell. I was sure I had broken my shoulder. My husband telephoned his young cousin who has just started to practice medicine. He came right over and said he didn't think it was a fracture but advised me to get X-rays the next morning. He gave me a sleeping pill.

I had the X-rays taken and there was no fracture. This morning I received a bill for the X-rays ($35.00) and a bill from my husband's cousin for $15. I don't mind the bill for the X-rays but I do feel this young doctor has a nerve charging me $15 for a sleeping pill. Had we known he was going to charge we would have called our regular family doctor. We just wanted to give the lad a break and help him get some practical experience. Were we wrong — TENNESSEE.

-:-

Dear Tenn: Just what kind of a break is it for a doctor young or old to make a house call at 2 a.m. for nix? Doctors get plenty of practical experience taking care of fathers, mother, sisters, brothers, nieces, nephews, and grandparents for free — not to mention charity cases and clinic patients. Internship also offers a world of free experience, particularly the odd-hour variety.

Pay the bill and do your cousin a favor by not giving him any more breaks in the middle of the night.

Needs Prodding

Dear Ann: I'm a widow who has been keeping steady company with a fine man. His children are grown and married and they seem to be intelligent, fine people. The man is nice looking and a neat dresser. He would be a lot better looking, however, if he did something about his teeth that are missing.

Ann, I can't understand how a person can ignore three large holes right in the front of his mouth. It seems to me that one of his children would say something to him. Since they seem not to notice, should I mention it? Or should I concentrate on his good qualities and not risk offending him—A.D.

-:-

Dear A.D.: Speak up. There's more involved here than looks. This man needs dental attention and if you can prod him toward it, you'll be doing him an enormous favor. The reason most toothless folks do not seem to notice what is so obvious to others is that they are afraid to go to a dentist. They need someone to help them get there. Be the one.

Sunken Dream Boat

Dear Ann: For the past eight months I've been going with a fellow who's just too good and too nice and too everything. If I asked Rudy to jump off the Brooklyn Bridge at high noon tomorrow he'd jump and not ask a single question. Unfortunately I can't get my blood pressure up over this guy because, well — he's like a brother.

Rudy has spent so much money on me I haven't got the heart to tell him. I know he thinks we'll be married one day and I'm equally sure I could never marry him. Every time he comes over with another lovely gift I feel like a bigger heel.

Please tell me what to do. My conscience is bothering me. — I HEAR NO BELLS.

—:—

Dear No Bells: To string along a guy who is serious — when you are not — is duplicity of the worst kind. The longer you keep it up the guiltier you'll feel and the more severe will be his disappointment. Tell Rudy you must stop seeing him — and why. There's an outside chance that Rudy will look better to you in a year or two, and if he does you might reconsider — if he's still available, that is.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a self-addressed, stamped envelope.

HINTS FROM HELOISE

Flags Used For Car Talk

DEAR HELOISE: When we moved cross-country recently we traveled in two cars, a daughter with each of us. I worried ahead of time as to how I could communicate with my husband who was going to drive in the lead car. Then I found the answer.

Heloise

I bought two sets of little colored plastic flags (used at service stations, sales, etc.). I made a small hem in each, large enough to insert a "flagpole" — the bottom part of a wooden coat hanger.

Then we thought up a code for the different colors. Blue meant we needed gas, yellow that we were hungry, orange meant we were tired and to pull off the road for a while. Red meant stop immediately, car trouble. White was the O.K. flag and was used to acknowledge the other person's message.

It really worked during the daytime and we avoided many unnecessary stops. Of course, at night the flags were no good and we blinked our lights for stops.

One more thing. . .our daughters were the flag wavers, as the driver, of course, couldn't manage this and keep an eye on the road.

EVA RODGERS.

-:-

And if you can't find plastic flags, you could just use solid color cloth scraps and put them on the stick with thumb tacks.

We all salute you, Eva, for your excellent travel plan. I'll bet a sailor hat that you've a bit of "Navy" blood in you!

HELOISE.

DEAR HELOISE: To dry throw rugs or bedspreads quickly, put the article over the line and place three or four coat hangers under them, crossways.

This will spread them out so that the air gets in between the folds.

H. E.

DEAR HELOISE: When crumbs have collected in the bottom of my cookie jar, instead of throwing them away, I save them until I have about one half cup.

Then I make chocolate or vanilla pudding and ripple the crumbs all through it like marble cake.

It saves two ways — it stretches the pudding and you don't throw away those crumbs you originally paid for. . .

The crumbs could also be used with graham cracker crumbs for pie crust. If they are from different kinds of cookies, it doesn't matter one bit, they're even better.

JOAN HAMILTON.

-:-

Hey, hey, how about that for a penny-pinching hint, gals? That's the kind that's right up my alley.

Thanks, Joanie.

HELOISE.

LETTER OF THOUGHT

DEAR HELOISE: For those who are generally discouraged, try my remedy. . .

I drew a plan of my dream house on a large paper sack with a pencil and ruler. I let a half inch equal a foot and even drew in the furniture and used crayons to color it the way I wanted it.

Then whenever I feel that I can't stand things a minute longer, I get out my "blueprint" and just dream for a few minutes.

You'll be surprised the way you'll feel after putting it away until the next slump. And who knows, perhaps someday you'll be able to pull out that plan and really do something about it!

MRS. J. C. McKENZIE.

DEAR HELOISE: The chore of making beds is easier now that I've sewed large buttons on the underside of my mattress (about six inches from the corners) to fasten the elastic of the mattress pad to.

I just give the elastic a twist, then over the button and it holds the pad nice and smooth so it doesn't wrinkle under the sheet.

DIXIE BIRMINGHAM.

DEAR HELOISE: After using a liquid sweetner for about five years, I finally learned how NOT to get that drop of real sweet stuff all in one spot in my cereal.

I now add sweetner to my milk (who uses cream?), then add my cereal. Upside-down cereal I call it.

Cites Handling Of Race Riot

Cleveland FOP Demands Safety Director Quit Job

CLEVELAND (AP) — The Cleveland lodge of the Fraternal Order of Police voted overwhelmingly Thursday night for a resolution calling for the resignation of Safety Director Joseph F. McManamon because of his handling of last week's racial disturbances.

The FOP also criticized Mayor Carl B. Stokes and Police Chief Michael J. Blackwell but voted down a resolution asking for Blackwell's resignation.

McManamon declined comment.

Police have voiced bitterness over the decision by Stokes, a Negro, to withdraw white policemen and National Guardsmen from the Glenville area July 24 and let Negro leaders quell the trouble themselves.

The withdrawal followed a night of violence in which 10 persons—including three policemen—were killed. The shootings were touched off, police said, by an attack on police by a group of black nationalists.

About one-third of the city's 2,000 police officers attended the meeting at which grievances were aired. It was charged that police were deprived of their right to perform their duties by being kept out of the area.

Earlier this week, civil rights, religious and East Side civic groups took a full-page ad in the Cleveland Plain Dealer praising Mayor Stokes for preventing "more shootings and more wasteful loss of life" by pulling the police and National Guard out.

While the Thursday night meeting was in progress at Plumbers Union Hall, plainclothes policemen were on the roof armed with high-powered rifles, and the building was ringed by armed members of the police task force. The precautions were taken because of reports there might be trouble.

Meanwhile, city tow truck operators angered over the shooting and wounding last week of two tow truck drivers, planned to send a deputation to City Hall today to air their grievances.

The operators want more pay and two men instead of one assigned to each truck.

In a related development, two teen-agers charged with shooting and wounding a policeman, appeared in the juvenile court Thursday and had their case continued for two weeks.

The saluki is the fastest breed of domestic dog.

Out Of The Air

By HAL HUMPHREY

The 'New' Barbara Heller

At least one good reason for watching Dean Martin's summer show, "The Golddiggers," is comedienne-mimic Barbara Heller. Her sketches with Paul Lynde, plus her own bits, are a joy to watch.

Hal Humphrey

Barbara's last regular TV job was a couple of seasons ('63-65) as Christine Clam, the American Scene reporter on Jackie Gleason's show. Gleason kept promising to let her do more, but never got around to it. That was a shame because Barbara is one of the funniest talents around.

-:-

SINCE I'D talked with Barbara last she got married and separated ("We separate all the time") to and from a publicist named Chris O'Hara and has gained 22 pounds. She still tips the scales at only 118, but has rid herself of being labeled the only girl in the world with two backs (this was before Twiggy).

"Isn't it great?" she asks, pirouetting to show off her new figure. "It's pure gold, this 22 pounds. I don't know how it happened, but I've fooled that wiseacre who put my measurements in my biography as 21-21-21. Now they're 32-32-32."

Barbara has changed other ways, too. When I first met her she wore green nail polish, and told anyone who asked about it that what they were seeing was gangrene. The clothes she wore then gave one the impression she'd come from another planet. The other day she seemed quite normal in a blouse and skirt and gold nail polish.

-:-

"OH, I'M a different person. Haven't you noticed that I'm calmer now? I've gone from psychotic to neurotic, and I feel good. It used to be that when I'd catch a cold, I'd be dead. I prayed a lot in those days. Listen, it was no fun to say 'Hello' to someone and have them turn around and say, 'What was that?' because they couldn't see me," says Barbara.

The only thing she resents at the moment is being compared to Phyllis Diller.

"We're different types. Phyllis is the first stand-up comedienne to appear in a long while, and she's great and a hard worker. I don't do stand-up material, but impressions and satire. We're completely different," she says.

-:-

BARBARA HAS BEEN entertaining since she was 13 in her home town of Joplin, Mo., which she left for Hollywood after graduation from high school.

She became a tubing specialist at an aircraft factory, worked in a toy factory and finally wound up as a messenger girl at Warner Bros. studio, where she was fired because nobody ever could find her. She always was sneaking into the sets to watch the stars work.

Her first break into comedy came when Ben Blue hired her to work in a nightclub he operated some years ago in Santa Monica. Barbara became one of the stars in a local revue called "Vintage '60," which also played in New York. From there she did guest appearances on TV and worked other nightclubs, until her two seasons with Gleason.

-:-

NOW THAT she's finished taping all the "Golddiggers" shows, Barbara is putting together a new night club act called "Barbara Heller and the DeLovelies."

"It's wild. There are seven girls and myself: four of them are musicians and three sing. Remember Ina Ray Hutton and her band? Well, we're doing this thing about the '30s. It's our comeback (we've all been in the hospital the past 30 years). And the costuming and music is all authentic. I think you'll like it."

In the meantime, Barbara has signed to do three regular Dean Martin shows this coming season and hopes her new act will wind up in Las Vegas.

-:-

"I'D LIKE to do some funny commercials for TV, too. Of course, I've blown Metrecal now. They wouldn't take me, but maybe I could get the bra people interested.

"I haven't seen Katy Winters around lately, either. There might be an opening there. Don't forget, even though I've changed, I'm still America's Sweetheart," says Barbara, batting her eyelashes.

Kiwanis Club Views Film On '67 Baseball

A film on the 1967 baseball season was screened by Herman Meek during the meeting of the Kiwanis Club Thursday at the Travelers Hotel.

Harold Allisor led singing. Ronald Mason, president, was program chairman. The board of directors will meet Wednesday noon at the hotel.

Police Make 111 Arrests In July

Police made a total of 111 arrests during July, according to the monthly activity report of the department compiled by Det. W. A. Devon.

Officers investigated 67 accidents in which 18 persons were injured. There were no fatalities. Two pedestrians were injured.

The arrests included two charged with driving while under the influence and another charged with being in physical control of a vehicle while under the influence.

Four stolen cars were reported and recovered. There were 11 missing person reports investigated, with four still active.

Officers investigated 26 breaking and enterings, 41 cases of theft and 32 cases of vandalism.

Twelve cars were towed away. There were 20 casualty reports filed and the department logged 841 radio transmissions.

Pittsburgh, Wheeling Steel Agree To Merge

PITTSBURGH (AP) — The Pittsburgh Steel Co. announced Thursday an agreement to merge with the Wheeling Steel Corp.

The companies, which have been closely allied for about a year, said the merger proposal is subject to approval by the boards of directors, lenders and shareholders of both firms.

The agreement, worked out by merger committees of the two firms, calls for the exchange of .59 of a share of Wheeling common stock for each share of Pittsburgh common.

Warning Issued On 'Jerry Cans' In Carrying Gas

Fire Chief Alfred Van Dyne today issued a warning against the dispensing and handling of gasoline and similar fuels in plastic containers commonly known as a "Jerry Can."

He pointed out that such fuels may be dispensed or handled only in metal cans under Ohio law.

The "Flammable and Combustible Liquids Code" for Ohio states: "No delivery of any Class I liquids shall be made into portable containers unless the container is constructed of metal or is approved by the authority having jurisdiction, has a tight closure with screwed or spring cover, and is fitted with a spout or so designed that the contents can be poured without spilling". These metal containers also should be labeled with their contents.

There have been numerous reports of persons using plastic jugs or "Jerry Cans" for gasoline for lawn mowers, boat motors, camp stoves, etc., Van Dyne said. These are not approved for flammable liquids because they become very soft when warm and very brittle when cold, he pointed out.

Van Dyne said a "Jerry Can" was left at a marina recently to be filled for pick-up later in the morning. It was a hot day, and when the man returned, the sun had heated the plastic and the expanding gasoline had ballooned the container to almost twice its original size, with none of its original shape. Neither the owner of the jug nor the operator of the marina wanted to risk trying to lift the jug by its handle, so it was finally scooped into a shovel and moved into the shade to cool before the gas was poured into a metal can.

Violators may be prosecuted under the Ohio statutes, whether they purchase gasoline in such containers or dispense them for others, the chief cautioned.

Three More Ohioans Killed In Viet War

WASHINGTON (AP)— Army Pfc. Paul Black Jr. of Cincinnati and Marine Cpl. John P. Delaney III of Columbus have been killed in action in Vietnam, the Defense Department reported Thursday.

Marine Pfc. George E. Beale of Cincinnati was listed as dead as a result of hostile action.

ANN LANDERS

Doctor Bill From Cousin

Dear Ann Landers: Several days ago I awakened at about 2 a.m. with a headache. I went to the bathroom to get an aspirin and fell. I was sure I had broken my shoulder. My husband telephoned his young cousin who has just started to practice medicine. He came right over and said he didn't think it was a fracture but advised me to get X-rays the next morning. He gave me a sleeping pill.

I had the X-rays taken and there was no fracture. This morning I received a bill for the X-rays ($35.00) and a bill from my husband's cousin for $15. I don't mind the bill for the X-rays but I do feel this young doctor has a nerve charging me $15 for a sleeping pill. Had we known he was going to charge we would have called our regular family doctor. We just wanted to give the lad a break and help him get some practical experience. Were we wrong — TENNESSEE.

-:-

Dear Tenn: Just what kind of a break is it for a doctor young or old to make a house call at 2 a.m. for nix? Doctors get plenty of practical experience taking care of fathers, mother, sisters, brothers, nieces, nephews, and grandparents for free — not to mention charity cases and clinic patients. Internship also offers a world of free experience, particularly the odd-hour variety.

Pay the bill and do your cousin a favor by not giving him any more breaks in the middle of the night.

By Ann Landers

Needs Prodding

Dear Ann: I'm a widow who has been keeping steady company with a fine man. His children are grown and married and they seem to be intelligent, fine people. The man is nice looking and a neat dresser. He would be a lot better looking, however, if he did something about his teeth that are missing.

Ann, I can't understand how a person can ignore three large holes right in the front of his mouth. It seems to me that one of his children would say something to him. Since they seem not to notice, should I mention it? Or should I concentrate on his good qualities and not risk offending him—A.D.

-:-

Dear A.D.: Speak up. There's more involved here than looks. This man needs dental attention and if you can prod him toward it, you'll be doing him an enormous favor. The reason most toothless folks do not seem to notice what is so obvious to others is that they are afraid to go to a dentist. They need someone to help them get there. Be the one.

Sunken Dream Boat

Dear Ann: For the past eight months I've been going with a fellow who's just too good and too nice and too everything. If I asked Rudy to jump off the Brooklyn Bridge at high noon tomorrow he'd jump and not ask a single question. Unfortunately I can't get my blood pressure up over this guy because, well — he's like a brother.

Rudy has spent so much money on me I haven't got the heart to tell him. I know he thinks we'll be married one day and I'm equally sure I could never marry him. Every time he comes over with another lovely gift I feel like a bigger heel.

Please tell me what to do. My conscience is bothering me. — I HEAR NO BELLS.

—:—

Dear No Bells: To string along a guy who is serious — when you are not — is duplicity of the worst kind. The longer you keep it up the guiltier you'll feel and the more severe will be his disappointment. Tell Rudy you must stop seeing him — and why. There's an outside chance that Rudy will look better to you in a year or two, and if he does you might reconsider — if he's still available, that is.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a self-addressed, stamped envelope.

HINTS FROM HELOISE

Flags Used For Car Talk

DEAR HELOISE: When we moved cross-country recently we traveled in two cars, a daughter with each of us. I worried ahead of time as to how I could communicate with my husband who was going to drive in the lead car. Then I found the answer.

Heloise

I bought two sets of little colored plastic flags (used at service stations, sales, etc.). I made a small hem in each, large enough to insert a "flagpole" — the bottom part of a wooden coat hanger.

Then we thought up a code for the different colors. Blue meant we needed gas, yellow that we were hungry, orange meant we were tired and to pull off the road for a while. Red meant stop immediately, car trouble. White was the O.K. flag and was used to acknowledge the other person's message.

It really worked during the daytime and we avoided many unnecessary stops. Of course, at night the flags were no good and we blinked our lights for stops.

One more thing. . .our daughters were the flag wavers, as the driver, of course, couldn't manage this and keep an eye on the road.

EVA RODGERS.

-:-

And if you can't find plastic flags, you could just use solid color cloth scraps and put them on the stick with thumb tacks.

We all salute you, Eva, for your excellent travel plan. I'll bet a sailor hat that you've a bit of "Navy" blood in you!

HELOISE.

DEAR HELOISE: To dry throw rugs or bedspreads quickly, put the article over the line and place three or four coat hangers under them, crossways.

This will spread them out so that the air gets in between the folds.

H. E.

DEAR HELOISE: When crumbs have collected in the bottom of my cookie jar, instead of throwing them away, I save them until I have about one half cup.

Then I make chocolate or vanilla pudding and ripple the crumbs all through it like marble cake.

It saves two ways — it stretches the pudding and you don't throw away those crumbs you originally paid for. . .

The crumbs could also be used with graham cracker crumbs for pie crust. If they are from different kinds of cookies, it doesn't matter one bit, they're even better.

JOAN HAMILTON.

-:-

Hey, hey, how about that for a penny-pinching hint, gals? That's the kind that's right up my alley.

Thanks, Joanie.

HELOISE.

LETTER OF THOUGHT

DEAR HELOISE: For those who are generally discouraged, try my remedy. . .

I drew a plan of my dream house on a large paper sack with a pencil and ruler. I let a half inch equal a foot and even drew in the furniture and used crayons to color it the way I wanted it.

Then whenever I feel that I can't stand things a minute longer, I get out my "blueprint" and just dream for a few minutes.

You'll be surprised the way you'll feel after putting it away until the next slump. And who knows, perhaps someday you'll be able to pull out that plan and really do something about it!

MRS. J. C. McKENZIE.

DEAR HELOISE: The chore of making beds is easier now that I've sewed large buttons on the underside of my mattress (about six inches from the corners) to fasten the elastic of the mattress pad to.

I just give the elastic a twist, then over the button and it holds the pad nice and smooth so it doesn't wrinkle under the sheet.

DIXIE BIRMINGHAM.

DEAR HELOISE: After using a liquid sweetner for about five years, I finally learned how NOT to get that drop of real sweet stuff all in one spot in my cereal.

I now add sweetner to my milk (who uses cream?), then add my cereal. Upside-down cereal I call it.

Cites Handling Of Race Riot

Cleveland FOP Demands Safety Director Quit Job

CLEVELAND (AP) — The Cleveland lodge of the Fraternal Order of Police voted overwhelmingly Thursday night for a resolution calling for the resignation of Safety Director Joseph F. McManamon because of his handling of last week's racial disturbances.

The FOP also criticized Mayor Carl B. Stokes and Police Chief Michael J. Blackwell but voted down a resolution asking for Blackwell's resignation.

McManamon declined comment.

Police have voiced bitterness over the decision by Stokes, a Negro, to withdraw white policemen and National Guardsmen from the Glenville area July 24 and let Negro leaders quell the trouble themselves.

The withdrawal followed a night of violence in which 10 persons—including three policemen—were killed. The shootings were touched off, police said, by an attack on police by a group of black nationalists.

About one-third of the city's 2,000 police officers attended the meeting at which grievances were aired. It was charged that police were deprived of their right to perform their duties by being kept out of the area.

Earlier this week, civil rights, religious and East Side civic groups took a full-page ad in the Cleveland Plain Dealer praising Mayor Stokes for preventing "more shootings and more wasteful loss of life" by pulling the police and National Guard out.

While the Thursday night meeting was in progress at Plumbers Union Hall, plainclothes policemen were on the roof armed with high-powered rifles, and the building was ringed by armed members of the police task force. The precautions were taken because of reports there might be trouble.

Meanwhile, city tow truck operators angered over the shooting and wounding last week of two tow truck drivers, planned to send a deputation to City Hall today to air their grievances.

The operators want more pay and two men instead of one assigned to each truck.

In a related development, two teen-agers charged with shooting and wounding a policeman, appeared in the juvenile court Thursday and had their case continued for two weeks.

The saluki is the fastest breed of domestic dog.

ANNOUNCEMENTS

2 IN MEMORIAM

IN loving memory of our father, Fireman Richard J. Plumley, August 2, 1962.
—Dick, Christy, Randy

IN loving memory of our dear loved one, Lawrence Dale Miller, who was taken from us on August 2, 1962. No one knows the silent heartache. Only those who have lost can tell, the grief that is borne in silence, For the one we loved so well. Sadly missed by parents, and sisters.

3 CARD OF THANKS

WE wish to express our heartfelt appreciation and sincere thanks for the many kindnesses extended to us during the loss of our son, WILLARD T. WILLIAMS. Special thanks to Lawrence Howell and all members of Jehovah Witnesses, friends and relatives who were so kind in their food and floral contributions.
MR. AND MRS. EARL WILLIAMS AND FAMILY.

I would like to thank everyone who was so kind during our hour of need. Especially the Lynn Ambulance Service, Emergency Room of the Hospital, the Doctors and Nurses, all the Friends and Neighbors on both Lincoln and Gardendale. The Family of Ray Humphrey and Mrs. Ray Humphrey.

ANNOUNCEMENTS

2 IN MEMORIAM

IN loving memory of our father, Fireman Richard J. Plumley, August 2, 1962.
—Dick, Christy, Randy

IN loving memory of our dear loved one, Lawrence Dale Miller, who was taken from us on August 2, 1962. No one knows the silent heartache. Only those who have lost can tell, the grief that is borne in silence, For the one we loved so well. Sadly missed by parents, and sisters.

3 CARD OF THANKS

WE wish to express our heartfelt appreciation and sincere thanks for the many kindnesses extended to us during the loss of our son, WILLARD T. WILLIAMS. Special thanks to Lawrence Howell and all members of Jehovah Witnesses, friends and relatives who were so kind in their food and floral contributions.

MR. AND MRS. EARL WILLIAMS AND FAMILY.

I would like to thank everyone who was so kind during our hour of need. Especially the Lynn Ambulance Service, Emergency Room of the Hospital, the Doctors and Nurses, all the Friends and Neighbors on both Lincoln and Gardendale. The Family of Ray Humphrey and Mrs. Ray Humphrey.

Junior Editors Quiz on CATS

QUESTION: *Why do cats fall on their feet?*

* * *

ANSWER: If someone dropped you from a height, you would instinctively try to land on your hands and feet because it would break the impact. There is a "give" to arms and legs not present in other parts of the body. It is the same with cats. They land on their feet because they don't want to hurt themselves. The reason they can do this is because they have remarkably agile and supple bodies. Their spines can curve better than those of most other animals and they have a specially well-developed sense of balance. These qualities were probably acquired when the ancestors of our modern cats hunted by themselves thousands of years ago. Wild cats caught only living prey and had to be extremely agile to do this. Many such wild cats frequented trees and must have had occasional falls, as in the picture. But their keen sense of balance and bodily agility undoubtedly enabled them to whip their bodies around so that they could land feet first. This is still true of their domesticated descendants of today.

(Guy Springgay of St. Catharines, Ont., wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

Today In History

By The Associated Press

Today is Friday, Aug. 2, the 215th day of 1968. There are 151 days left in the year.

Today's highlight in history:

On this date in 1934, Adolf Hitler became dictator of Germany on the death of President Paul von Hindenburg.

On this date—

In 1589, Henry of Navarre became king of France.

In 1824, a new street was opened in New York between Art Street and 13th Street. It was named Fifth Avenue.

In 1927, President Warren G. Harding died in a San Francisco hotel.

In 1939, Dr. Albert Einstein wrote to President Franklin D. Roosevelt and urged that the United States begin an atomic research program.

In 1959, Vice President Richard M. Nixon received an enthusiastic welcome on a visit to Warsaw, Poland.

Ten years ago . . . A federation of Jordan and Iraq was dissolved.

Five years ago . . . The United States and Britain were offering further military cooperation to France to try to induce the French to sign the nuclear test ban treaty.

One year ago . . . Vice President Hubert H. Humphrey called for a "Marshall Plan" for U.S. impoverished areas as one means of preventing riots.

To Face Historic Controversy

Congress Takes Recess

By H. L. SCHWARTZ III
Associated Press Writer

WASHINGTON (AP) — The 90th Congress, scattering after today for a month's recess, will be back in September to grapple with an array of major bills and an historic controversy that could keep it here till Christmas.

Overshadowing all else when the unwelcome election-season session begins will be the possibility of a filibuster over President Johnson's Supreme Court nominations.

This prospect and the impact of the two national political conventions prompted Senate Democratic Leader Mike Mansfield to say Thursday that "after the recess there will be a lot of politics and little substance."

"I wouldn't be surprised if we stayed here the rest of the year," he added.

Long Session Looms

If Congress does, it will be the longest election-year session since World War II.

The nominations of Abe Fortas as chief justice and Homer Thornberry as an association justice of the Supreme Court, plus gun controls and the nuclear nonproliferation treaty are the major items facing the Senate.

But that chamber must also wrap up action along with the House on such things as the farm bill, foreign aid, education and financing the war in Vietnam.

House Speaker John McCormack, D-Mass., said the House is counting on a quick session. With the lengthy battle a building over the Supreme Court, however, the House likely will have to await the Senate's pleasure before much is accomplished.

Complicating the situation will be the question of a recess for the November elections and the impact of the election itself.

Besides a new administration, voters will elect more than 30 senators, and all 435 Representatives.

Action Shelved

The Senate Judiciary Committee this week shelved any action on the Supreme Court nominees until Congress reconvenes after Labor Day. But it is doubtful the matter will reach the floor quickly even then, if at all.

The committee must decide whether to reject the nominations or report them to the floor and then majority and minority reports must be written. The whole process could take days, even weeks.

Sen. Robert P. Griffin, R-Mich., leader of the fight against the nominations, claims the support of 40 colleagues from both sides of the aisle which, if true, would mean more than enough votes to keep prolonged debate from being shut off.

Even in the unlikely event the Supreme Court matter is settled quickly, gun control legislation could erupt into a major and lengthy floor battle.

The House has approved a bill to ban the mail-order sales of rifles, shotguns and most ammunition, and the Senate Judiciary Committee has reported a similar measure to the floor.

Registration Move

But there is a strong movement in the Senate for adding registration of firearms and licensing of owners. Although the House soundly rejected such provisions, Senate backers plan to fight for them on the floor.

Despite the formidable tasks that remain, the 90th Congress can count major legislation in its second session.

It finally granted President Johnson his 10 per cent income tax surcharge after mandating that he slash federal spending by $6 billion.

As the recess started, administration spokesmen were reporting the first indications that the tax was having the desired effect and cooling off overheated areas of the economy.

Spurred by the assassination of Dr. Martin Luther King Jr., and rioting in the cities that followed, Congress turned to a bill to curb interstate sales of pistols and crackdown on broad areas of crime.

Then, following the assassination in June of Sen. Robert F. Kennedy, it rushed the measure to the White House.

Other major bills increased consumer protection, provided a code of ethics for both houses and launched the first three-years of President Johnson's 10-year goal to eradicate the nation's slums.

LBJ Hard-Core Jobless Plan Seen Moving Slow

WASHINGTON (AP) — President Johnson's program to put 500,000 hard-core unemployed to work is off to a slow start, say project officials, partly because employers demand too many skills and the unemployed want too much money.

The program, operated by the National Alliance of Businessmen, has received thousands of pledges of jobs from industry, but it is having trouble filling the openings.

NAB administrators in 10 major cities covered in an Associated Press survey agreed that job pledges far exceed placements, although officials in only four of the 10 could provide exact figures.

In those four—Newark, Cleveland, Chicago and Pittsburgh—pledges totaled 21,477 and jobs filled added up to 666.

Confidence Expressed

Nonetheless, officials expressed confidence that the joint government-industry venture eventually will succeed. Jack McGowen, NAB director in San Francisco, put it this way: "It is a little too early to judge the long-range effect, but we are encouraged by what we consider a newly aroused section of public conscience. We are optimistic."

Program administrators in the 10 cities surveyed said problems encountered most frequently were:

—Jobs offered sometimes require skills the hard-core unemployed do not possess.

—Jobs pledged often do not pay well enough to encourage the unemployed to abandon their welfare checks.

—Some jobs evaporate before NAB can produce applicants for interviews.

—Placement procedures, the process of matching an applicant with a job, have been slowed by administrative red tape and manpower shortages.

—Job pledges sometimes go unfilled because transportation problems are prohibitive.

NAB Goal Cited

When the National Alliance of Businessmen was launched last January under the leadership of Henry Ford II, chairman of the Ford Motor Co., its goal was to put 100,000 hard-core unemployed to work by next summer and 500,000 to work by the summer of 1971.

In June, Johnson called on the NAB to find another 200,000 jobs for needy youth this summer and congratulated Ford on NAB's "remarkable performance" in securing 133,000 pledges of permanent jobs from companies throughout the country.

Job pledges for both the permanent and summer job programs have come in fast, NAB officials say—in some cases much faster than they expected.

But pledges are one thing; placements another.

Newark and other cities reported that some of the unemployed have rejected jobs. NAB officials and businessmen reported that 26 persons hired did not report for work, 19 refused job offers and 172 did not report for interviews.

Rejected By Employes

Almost twice as many spots were not filled because of rejections by employers. In 166 instances, businessmen refused to hire applicants; in 52 cases, employers filled jobs with other than NAB applicants, and in 134 cases, employers cancelled jobs before NAB applicants got there.

NAB officials say they are being frustrated, too—by red tape and misunderstandings.

Robert Bennett, an NAB member in Buffalo, N.Y., says: "Another problem is that an employer will pledge, say, 10 jobs in his plant but when the employment service contacts the employer they find the skills required for the openings are more than the hard-core unemployed have. The problem here is in educating employers as to just what the hard-core unemployed are."

36 Teen-Agers Hurt In Wagon, Tractor Mishap

CALDWELL, Ohio (AP)— A farm tractor pulling two hayride wagons went out of control on a hill in Noble County Thursday night, and 36 teen- agers were injured when thrown to the road.

Four of the youngsters, from a Baptist Church Camp in Caldwell, were hospitalized overnight one in Marietta and three in Zanesville. Their injuries were not serious, however. Most of the other injured riders were treated at hospitals.

Ellis Caudill, director of the Pine Lake Camp, was driving the tractor.

He said the wagons jacknifed on the hill, on a county road near here. Eighty-four youngsters were on the two wagosn.

McCarthy To Address Typographical Union

CLEVELAND (AP)—Sen. Eugene J. McCarthy, Democratic presidential candidate, will be the main speaker at the International Typographical Union's convention banquet here next Wednesday.

The union's 110th convention starts Saturday and Mayor Carl B. Stokes will welcome some 400 delegates to the opening session at the Hotel Sheraton-Cleveland.

Arrested For Sit-In

CINCINNATI (AP)—A sit - in demonstration at the Hamilton County Welfare Department Thursday resulted in 11 arrests -- two of them juveniles.
